

## Board Membership-Parent/Family Liaison

Elan Academy values strong and continuing partnerships with its school families, and has a policy by which a parent or legal guardian of a student, shall serve on its Board of Directors.

Although the Elan Academy Bylaws do not limit Board membership to only one parent/legal guardian, it is the practice of Elan Academy to limit the number of parents/legal guardians who may serve as members of its Board of Directors considering the inherent conflicts of interest presented by said participation. The parent member(s) of the Board of Directors shall serve a term of three (3) years from the date of the appointment, or until their successors are seated.

Parents interested in serving as a member of the Board of Directors may submit a letter of interest and curriculum vitae/resume to the Board's Governance Committee, for consideration. The interested candidate would be interviewed by the Governance Committee within thirty (30) days of submission of his/her letter of interest/resume. If that person's candidate is deemed merited of further consideration, potential Board member may then be invited to attend the next Board meeting. After the Board meeting, Board members would give feedback to the Chair of the Governance Committee, who discusses that feedback at the next meeting of the Governance Committee. The Chair of the Governance Committee then makes a recommendation to the Board Chair whether or not add the potential member at the next scheduled Board meeting. If approved, the Board Chair invites the potential member to join the Board. If the invitation is accepted, the Board votes to add the new member to the Elan Academy Board.
