

13 AMP Power outlet

Applicable for the following sauna models:

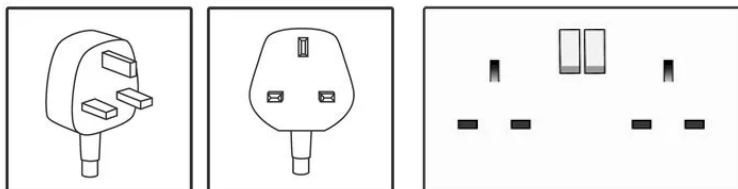

Infrared Sauna Model	Electrical Specifications	Cable Length
Sanctuary 1-Person	230 V / 1,750 Watts	2.6m
Sanctuary 2-Person	230 V / 2,250 Watts	2.6m
Sanctuary 3-Person**	230 V / 2,800 Watts	2.6m
Premier 1-Person	230 V / 1,100 Watts	2.6m
Premier 2-Person	230 V / 1,750 Watts	2.6m
Premier 3-Person	230 V / 1,850 Watts	2.6m
Essential 1-Person	230 V / 1,410 Watts	2.6m
Essential 2-Person	230V / 1,750 Watts	2.6m
Essential 3-Person	230V / 1,850 Watts	2.6m

Please note

All saunas are compatible with RCD enabled breakers, and are single phase appliances.

Please note**

Adding an extra 300W add-on such as the Full Spectrum Heater or Red Light Therapy Tower will increase your power by 300W and exceed the 13 AMP household socket. If you plan to do so please consult with your electrician.
