

the gp service

helping to keep your employees healthy

overview

At a time when there are increasing pressures on the NHS, GP waiting times are at an all time high, which has led employers to look at how they can better support their employees. Now is more important than ever to provide employees with quick and seamless access to GP services through The GP Service

key features

- ✓ Available 7 days a week, 8am-8pm
- ✓ Provides patients with an online GP consultation via smartphone applications, tablets, desktop or laptop (iOS/Android)
- ✓ Medication can be collected from over 6,000 partner pharmacies nationwide
- ✓ Fully accredited and regulated by the Care Quality Commission (CQC)
- ✓ Doctors are all General Medical Council registered

“ **employees can use the gp service with confidence knowing that it is working in partnership with the NHS** ”

what is the gp service?

At Bravo Benefits, we fully support the need to reduce pressure on the NHS and to enable employees to see a GP quicker and at a convenient time to suit them and your business. We have teamed up with The GP Service, an online doctor service, which provides a safe, discreet and simple way for employees to speak to a doctor from anywhere in the UK*. If a prescription is issued, it can be sent electronically to the employee's chosen pharmacy within 60 minutes for collection or delivered to their home address.

The GP Service is designed to provide employees with quick access to quality and timely care to improve clinical outcomes and reduce absenteeism due to minor illnesses, as well as helping to address health concerns quicker, especially contagious infections. This means that employees will have less time away from work, resulting in increased productivity.

quality control & regulation

The GP Service is fully accredited and regulated by:

- ✓ The Care Quality Commission (CQC) who are an independent body within the Government's Department of Health and Social Care
- ✓ The Medicines and Healthcare products Regulatory Agency (MHRA)
- ✓ All GP service Doctors are registered with the UK's General Medical Council
- ✓ All Pharmacies within The GP Service network are registered with the General Pharmaceutical Council

“ **71%-81% of all short-term absences are due to minor illnesses**** ”

“ **96% of minor illnesses can be treated remotely, saving time compared to booking in to see a local NHS GP*** ”

features & benefits

- ✓ Operates on a secure, encrypted IT platform that can be accessed via Smart Hive
- ✓ Provides employees with access to a video consultation with a GP within 10 minutes

Access using any web-based platform, mobile device, from one of the many dedicated terminals that are already set up in hundreds of pharmacies in the UK* or from a terminal that can be installed in your office if you have a large workforce on-site

- ✓ Currently the only doctor service that works with the NHS to access Summary Care Records, which means that with patient consent, doctors can view key information to make the consultation more effective
- ✓ Diagnosis is more accurate and medicines can be prescribed safely, avoiding prescribing medicine that a patient might be allergic to or that may affect any other medicines that employees are already taking
- ✓ Working with the NHS means that with patient consent, The GP Service can share details of consultations and prescribed treatments with patients' NHS GP to ensure they are kept fully informed
- ✓ The GP Service is a valued employee benefit due to the difficulty many face when accessing their local GP
