

Help us Provide Holiday Cards for Our Neighbors Living in Long-Term Care Homes!

Gather the children, paper, markers, crayons or computer and a little imagination to **help us bring Holiday Cheer to the lives of our neighbors living in long-term care homes in our community!**

VOICES is conducting its 10th **annual holiday card drive to cheer over 2400 folks** living in nursing homes and assisted living homes in Vanderburgh County. For some, your card is the **ONLY** one they will receive this season. **So, please help us have enough hand-made cards and/or drawings to bring Holiday Cheer to all!**

What you need to know:

- ✦ Keep cards and/or artwork to **8.5" x 11" or smaller**.
- ✦ Computer designed cards are appreciated too.
- ✦ Encourage children to tell a little about themselves or what they like about the holiday season.
- ✦ Keep in mind, the greater the **contrast between words and paper**, the easier it is for elders to read.
- ✦ Ask children to **sign their first name** to the cards. Names are more personal, but not required.
- ✦ **Feel free to include, on the cards, the name of the agency, school or group from which the cards are being donated.**
- ✦ Consider donating **more than one card/artwork** per child.
- ✦ **Submit cards by Wednesday, December 14th.**
