

DIGITAL SOLUTIONS FOR PARKING OPERATORS

# PAY BY APP.

Inugo's cashless digital Pay by App feature is ideal for both un-gated and gated sites - removing the need for costly payment kiosks. This feature geo-fences your lots so the app can recognise which lot your parker is in. Rates, hours, access levels and groups can be self-managed within the management platform, and updated and synced in real-time.

## KNOW YOUR PARKER

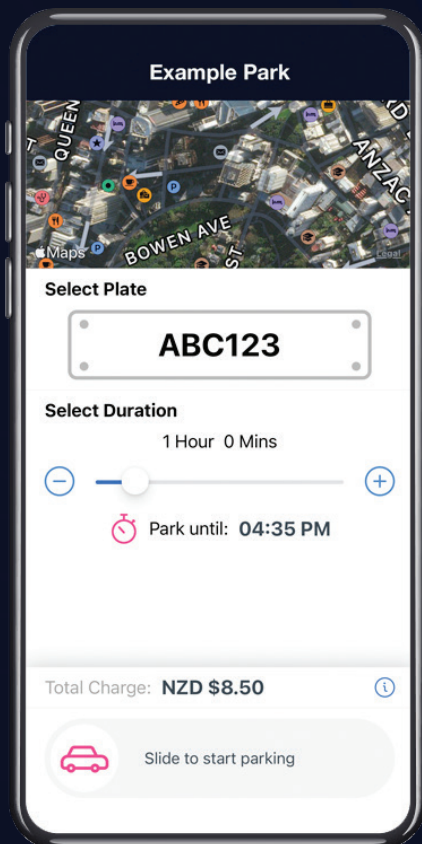

Remove the anonymous parker and understand who your customers are so you can build loyalty and repeat business.

## CASHLESS PAYMENTS

Remove the need for costly payment kiosks - all payments are processed within your white labelled app and paid directly into your merchant account.

## REAL-TIME RATE AND ACCESS UPDATES

Maximise the revenue from your lot with dynamic pricing and access management that can be updated across all sites and users in real-time.

## CONTACTLESS PAYMENTS

## CREDIT/DEBIT CARD, APPLE & GOOGLE PAY WITHIN APP

## SUPPORTS GATED AND UNGATED SITES

## PAYMENTS DIRECT TO YOUR MERCHANT ACCOUNT

## DYNAMIC PRICING

INUGO MAKES PARKING PAINLESS FOR CUSTOMERS AND THATS PRICELESS FOR YOU
