

**Topic:** Kinetic Secure Home: Kinetics’ Venture into Smart Home and Security

At times, Home Security seems complicated but it shouldn’t be. At Kinetic, we have created an offering that is easy for our customers to understand, use, and build out based on their specific needs. With Kinetic Secure Home we are bringing Smart Home and Security into one easy to manage app with customer experience being a primary focus.

**Speaker:** Derrick Nichols – Lead Developer for IoT, Windstream

Derrick Nichols has been with Windstream over 4 years and he is currently the Lead IoT product developer for the Kinetic Product Team. Previously at Kinetic, he was responsible for rolling out our new Retail platform that provides in depth customer insight in all our Retail locations.

Derrick’s background in information technology comes from his experience at HP as a manager of Storage and Analytics. His time with HP allowed him to lead data and user migrations, to a new integrated platform that drove a premium customer experience and best in class analytics.

Derrick currently lives in Arkansas with his beautiful wife and 3 kids.

**Speaker:** Noah Ney – Director of Partnerships, Scout Alarm

Noah is the Director of Partnerships at Scout. He has been with the company since inception in 2013 and works closely with Scout's partners to scale programs across the security, telecommunications and multi-family-dwelling channels.
