### MARQUEES / STRUCTURES

At Lonsdale Event Hire we carry a range of Hocker Marquees which can be customised to suit your requirements. All marquees must be installed and removed by Lonsdale Event Hire personnel.

Given the unique requirements of each marquee, the following information is required to provide a quote:

- Size of marquee
- Location of marquee
- Date and time of installation and removal
- Truck access to marquee site to allow materials to be bought in and removed.
- Can the marquee be pegged to the ground or does it need to be weighted
- Type of marquee, Standard, Premium, Clear roofs
- Walling requirements, no walls, solid walls, arched window walls, clear walls

### MARQUEES SIZES AVAILABLE

We carry two standard fixed width sizes for our marquees a 6m structure and 10m structure.

The fixed width is measured when looking from the gable end or "A" frame end of the marquee. The length of the marquee is minimum 3m and can be extended by adding additional 3m sections to create a structure as long as required. Example sizing: 6m by 3m, 6m by 6m, 6m by 9m etc or 10m by 12m, 10m by 15m, 10m by 18m etc.

Should you require a marquee larger than 10m width we have a commercial relationship with a group in Perth that offer larger marquee structures of 15m, 20m and 25m widths. Let us know what you require and we are happy to source these for you.

### EXTRAS AVAILABLE

- Silk lining for roofs and walls available
- Marquee flooring
