Property Highlights

- **Algonquin Commons is a premier lifestyle center** serving Chicago's northwestern suburbs, providing visitors the ultimate shopping and dining experience.
- **Red Mountain Group will invest nearly \$30 million** for the redevelopment, renovation, and retenancing/re-merchandising of the shopping center. As part of the Algonquin Commons revitalization vision, Red Mountain Group plans to develop a vibrant indoor/outdoor covered entertainment area comprising more than an acre of open space. This gathering area will become the focal point for community events, televised sporting events, outdoor movie nights, al fresco dining, shopping center promotions and holiday functions.
