Tyler

Trustees:

Ian J. Bertucci, PM
Owen P. Roberts
Michael S. Wallace

My Brother,

In September of 2021 Terre Haute Lodge No. 19, Free & Accepted Masons entered its third century of operation, and we are looking back on our 200 years of history to inspire us as we are moving forward. We are reaching into our past and scouring through the archives to find projects that speak to the life of our Lodge: we are working on a project honoring the members who served our nation in World War II; digitizing and transcribing historic documents from our past; working to make documents from our 204 years of history available for research; remembering and taking inspiration from those members of our Lodge who have served the community; honoring those who have served Terre Haute Lodge and Euclid Lodge; and celebrating our members and their families. You are a part of this history!

At some point in your life, you chose to petition and become a Freemason, and we are inviting you to join us again. We hope to rekindle the reasons that you sought membership to begin with. We understand that there are many reasons that a man may step away, but it is our goal to welcome you back into the Fraternity with Brotherly Love and Affection as you resume your Masonic journey.

Whatever your skills, talents, passions, or aspirations, today's No. 19 has a place for you. We have changed, for the better, and this may not quite feel like same Lodge you left. If you are willing to give Freemasonry another chance and let us show you how we are ready to help assist in the process, fill out the enclosed petition, complete the online background check (\$14.45 with a link on the Lodge website), and pay the current year dues (\$125, or \$130 if paid via the Shop tab on the Lodge website). If you are on the fence, reach out to us, we would love to talk! We would love to hear why you left, your thoughts on coming back, and simply how you are doing. We remember that though you may no longer be an affiliated member of No. 19, you are still our Brother, and we all took an obligation to each other. Additionally, we may be reaching out throughout the year with invitations for events and programs, and with additional information.

The point of contact for this program will be Jordan Bayles, Past Master, our current Senior Warden (it being his duty to "see that none go away dissatisfied"). Jordan can be contacted via email (jordan.bayles@gmail.com), or cell phone (812-249-8293).

Fraternally,

Ethan R. Rayburn
