

PEYMON MOTTAHEDEH

I am the founder and President of Freedom Law School, established in 1996. Born in Iran to a Jewish family, I gained crucial insights from my father about East-West politics, the Arab-Israeli Conflict, and oppressive Iranian politics under the Shah's Secret Service (SAVAK).

In 1977 at 14 years old, I immigrated to the USA, expecting freedom but saw that America had moved away from its roots of freedom.

I studied economics and finance at California State University, graduating with a business degree. In 1989, I became a U.S. citizen, joining the Libertarian Party to contribute to restoring freedom in America.

In 1992, I learned about the income tax system's deception and the New World Order conspiracy. My passion lies in educating Americans about the Declaration of Independence, the Constitution, and the Bill of Rights to empower people to live free.

I created Freedom Law School to achieve these goals. Will you join our quest for truth and freedom?

7 STEPS

Take these 7 steps to free yourself of IRS deception, fear, robbery, and slavery, and live free with our Lifetime Guarantee!

1 Follow the LAW!

Based on U.S. government's official legal websites, no law requires 98% of Americans to file and pay income tax.

2 Stop Filing Tax Returns!

Did you know that by signing a 1040 income tax "confession trap" form swearing under "penalty of perjury" (oath)...

YOU GIVE THE IRS POWER TO:

Audit You

Empty Your Bank Account

Steal Your Property

Put You In Prison

3 Realize the IRS Operates on Deception and Bluff

- The IRS is not the powerful entity that the corrupt mainstream media portrays.
- According to U.S. government reports, since 2011, the IRS has decreased forced collections (levies) by 93%.
- Since 2016, the IRS has deliberately chosen to leave repeat non-filers alone.
- Why? For every \$1 that the IRS spends on filers, the IRS collects over \$300, whereas for each \$1 spent on non-filers, the IRS collects less than \$3.

4 Take Courage from Our Victories!

No student of Freedom Law School has ever been sent to prison for federal income taxes, nor have they had their paychecks, bank accounts, homes, or businesses seized by the IRS.

When you equip yourself with knowledge and are prepared, the IRS is easy to beat. Peymon and his students have, and so can you.

5 Question Authority!

Write your Congress members about **your** federal tax obligations. **Only** file and pay income and payroll taxes **if** your Congress members can show **you** the law that requires such payments. When they are not able to show you the law, **you** can safely free yourself from IRS deception, fear, robbery and slavery!
