Sectors We Serve

INDUSTRIES

HOSPITALS

SUPERMARKETS

CHEMICALS

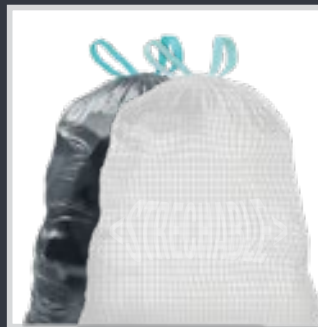

HORECA

Garbage Bags

Our trademark Garbage Bags have been in the market for years and have captured a major chunk of the market as we specialize in maintaining High Quality in the most economical way. These bags are oxo-biodegradable, made with high density material which resists punctures and leaks. We have also launched an innovative product, **tru Green** which is made from 100% recycled plastic.

HD & LD Liner Bags

HDPE is a versatile material; hazy in nature, good vapour resistance and widely used for transporting bulky objects. We offer a complete range of clear, translucent and colored HDPE bags.

LDPE bags are commonly used in paper cartons known as box liners. We offer clear plastic liners for all shipping and packaging needs, which help prevent product spillage and to protect contents from external moisture. Best for frozen foods such as fruits and vegetable, food ingredients and semi liquids.

Bio Hazard Bags

ESMA certified 100% Oxo-Biodegradable bags used for collecting biomedical waste in Clinics, Hospitals and Healthcare facilities etc. Available in all standard and customized, sizes and colors.

Sufra Sheets & Prayer Mats

Popular among restaurants with high frequency guests, our Sufra (table sheets) are in great demand in the food service industry, especially in the Middle East.

Ideal for Mosques, Shopping malls & Office prayer rooms, our Prayer Mats keep you safe and ensure hygiene. Its made of HDPE material for better sturdiness and is available in a standard beautiful Beige & Brown design.

Cling Films & Aluminum Foils

A packing essential in the HORECA sector with an increased demand and consumption, our Films & Foils are 100% food grade and the most cost-effective packaging solution for food products requiring complete protection.

Vegetable Rolls

Highly used in Groceries & Supermarkets for Meat, Chicken, Fish, Fruits and Vegetables. Uniform perforation design with strong sealing at the bottom for durability.

Stretch & Adhesive Tape

We offer a wide range of packing materials ranging from Stretch Films to various types of adhesive tapes. One of our most successful products, Stretch films are widely used in Industrial packaging, Pallet wrapping, Cargo & Shipping companies.

We ensure our products are produced with even thickness and made with 100% virgin materials.

T-shirt & Shopping Bags

Eco-friendly, biodegradable and fully customizable to suit your needs. We manufacture high quality printed shopping bags for our clients to help market their brands and businesses better.

Private Labelling

We offer private label solutions for multiple product lines, resulting in Retailers benefiting from higher profit margins and consumers enjoying great value. You can avoid manufacturing overheads and maintain a diverse portfolio under your own brand.
