## Features

**Innovative Heating technology**  
Exclusively utilising our True Wave™ Far Infrared and True Wave II™ Full Spectrum heaters, an innovative fusion of carbon and ceramic, provide optimal, efficient, and safe therapeutic heat.

**Zero EMF and ELF**  
Our True Wave™ heaters output virtually zero EMF and ELF, and combined with our EMF shielding technology, we ensure the lowest and safest EMF and ELF exposure on the market.

**360° Infrared Heat**  
Our saunas have heaters on the front wall, back wall, side walls and underneath the bench, heating your body from every direction, which targets your core, rather than just heating the sauna cabin air.

**Chromotherapy Upgrade Included**  
Medical-grade Chromotherapy utilises coloured light wavelengths that therapeutically benefit mood, energy and cellular activity.

**Ergonomically Designed**  
The chiropractor-designed backrest and reversible bench ensures ultimate comfort for long periods of relaxation. The seat is double-sided, with a contoured profile on one side, and flat on the reverse.

**Integrative Wellness Enhancements**  
Transform your sauna in the complete wellness capsule by integrating multiple complementary therapies with our exclusive range of add-ons, such as Vibrational Resonance Therapy, Red Light Therapy Tower, HaloOne Salt Therapy and Aromatherapy.

\* For Residential customers only. Warranty on Commercial saunas are 5 years.  
\*\* Extra charges for very remote or difficult to access locations
