

The Simple Pump Advantage

- **Deep Well Capability:** Pump water from static water levels of up to 325 feet, much deeper than what other hand pumps can reach.
- **Effortless Pumping:** The Simple Pump requires only about 40% of the effort compared to other hand pumps.
- **Pump into Pressure:** Unlike most hand pumps, the Simple Pump can pump into pressure allowing you to have a pressurized water system.
- **Reliable Backup Solution:** The Simple Pump provides ultimate water security as it doesn't rely on external power sources ensuring uninterrupted water access during power outages.
