S2 IT Group

Cloud Express for Fusion Product Hub Service Scope

GET STARTED WITH A SIMPLE, FAST AND COST-EFFECTIVE S2 IT GROUP CLOUD EXPRESS FUSION PRODUCT HUB SOLUTION TODAY

The S2 IT Cloud Express for Oracle Fusion Product Hub solution includes project team enablement workshops, data migration simplified templates, validation scripts, and a project management framework focused on the needs of a rapid cloud deployment.

The S2 IT Cloud Express for Oracle Fusion Product Hub solution includes a solution for
- defining and classifying your product model,
- onboarding your product data from internal and external systems,
- validating and remediating data errors,
- cleanse and match your product data prior to consolidating into cloud (optional)
- governing new product definition with flexible workflows and user-friendly interfaces
- sharing clean and validated product data with consuming systems

WE PROVIDE EXPERIENCED ORACLE CERTIFIED SPECIALISTS

S2 IT Group Certified Consulting specialists will work with you and your staff to:
- Review your current item master attributes and categories and assist you in mapping them into Fusion Product Hub Cloud Service
- Facilitate series of workshops to familiarize with Fusion Product Hub functionalities and configurations
- To prepare you for the task of converting your product data into cloud, S2 IT Group will conduct a guided workshop and assist you with creating templates used for your product data migration to Fusion Product Hub Cloud Service.
- Optionally, S2 IT group can assist you with standardizing and matching your unstructured product data to a structured format prior to migration to cloud.
- Validate the standard functionalities of Fusion Product Hub selected from our library of test scripts and combine them with your data to verify the overall solution.

Who can avail this service?

Successful organizations are those that can readily adopt the business process enabled by the deployment of the Oracle Fusion Product Hub solutions, and have the agility to make decisions quickly. By doing so, organizations can reap the benefits of a comprehensive solution in the simplicity of the cloud, delivered in the most cost-effective manner.

Why S2 IT Group?

Leading Expertise: S2 It Experts providing thought leadership for every Oracle solution.

Broad coverage: End to End lifecycle services.
