

## VidaSpace Technical Data Sheet

### HW950112 Marldon Advanced Cleaning Kit

Regular cleaning is the key to keeping your floor looking great for years to come. This versatile kit is suitable for most types of flooring (see full list below) and is very easy to use.

The traditional way to clean a floor is to use a mop and bucket with a general household cleaner mixed with water. Not anymore!

With the new advanced cleaning kit from Marldon, you just spray the floor and wipe it clean. The Marldon Advanced Cleaning Kit is ready for use without the need for any kind of prior mixing or preparation.

### Product Features

- Suitable for both oiled and lacquered wooden floors.
- Works well on all washable surfaces such as PVC, laminate, linoleum, vinyl, other painted/ lacquered surfaces, stone, tiles, glass, and porcelain.
- Kit contains refillable spray cleaner cartridge, 1 litre Marldon Multicleaner MXC770, detachable high quality microfibre mop head with holder plate and an ergonomic pole.
- All consumables can be purchased separately in a refill package.
- The microfibre mop head is especially designed for wooden floors and is not abrasive.

### Cleaning all kinds of floors

Before using the Spray Mop remove all loose particles which might scratch the surface by vacuuming or using a dustbeater. Spray the cleaner directly onto the floor by pulling the trigger on the handle and disperse using the microfibre mop head. The microfibre head is machine washable and should be washed whenever necessary.

### Health & Environment

Marldon Multicleaner is not classified as hazardous to your health or the environment. Precautions common for handling any chemical products should be taken. For further information, please refer to the safety data sheet.
