

UNITE YOUR DESK & DESKLESS WORKERS

A modern work platform means a single source of truth for your employees, where everything they need is easy to find.

MangoApps was designed to unify your employee experience by combining intranet, communication, collaboration and training into one intuitive, mobile-accessible workspace. Our pricing makes sense even for small teams or those with a large proportion of frontline workers, and scales with your needs.

If you used MangoApps, your employees would start every day on a personally customizable widget-based dashboard that included everything they needed for their job. Each employee has personal notification and dashboard settings, ensuring that they get all the updates they need, and can filter out irrelevant information as needed.

We've been in the business for over a decade, and have spent that time working closely with our customers, refining the product to ensure that it meets all of their needs, and our modular pricing means you only pay for what you actually use.

Reach 100% of your workforce

Your people are likely missing key updates. A single platform with multiple entry points ensures that you reach everyone on their preferred device.

Simplify your employee experience

Bring all of your tools and information into one centralized hub to save valuable time spent searching everyday.

Make remote work easy

Our simple interface is intuitive to technical and non-technical workers alike, and our deep, modular feature set ensures you have everything you need, accessible from wherever you are.

Easy Deployment

MangoApps adapts to your workflow with quick, seamless deployment. No headache, we promise.

The Ultimate Dashboard

Each user sees their job-critical tools and news, front and center. No irrelevant updates.

Custom branding

Brand the platform like an in-house tool, so your people take to it naturally as an extension of your company culture.

Trusted Security

Our robust, enterprise-level security will meet your needs, whether you're a fledgling enterprise or a massive government contractor.

Smart Search Features

Quickly locate key information and find matching documents with a powerful predictive search engine that unifies all of your documents, workspaces, and conversations.

Unparalleled Organization

Projects, files, messaging, policies...we've got it all. One logical, organized platform with everything your employees need to find and do.

USE CASES

Here are some of the ways our customers use MangoApps to improve their employee experience.

Company Communication

Improve team communications, make your company content more engaging, and build a framework for effective collaboration.

Information Organization

Save countless hours by organizing company information with a modern, logical flow that is intuitive for employees.

Knowledge Management

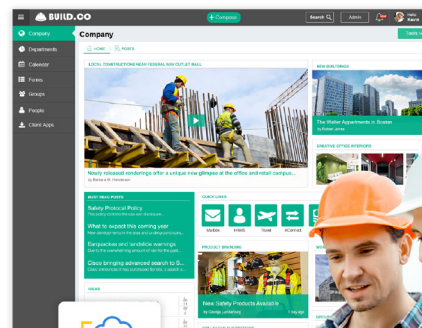

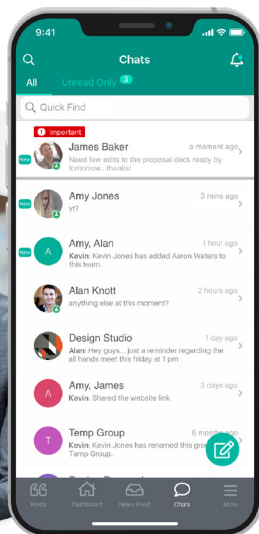

Make sure individuals have a way to share the knowledge they gain on the job, so that everyone can build off each other's successes and learn from each other's failures.

Employee Engagement

Improve employee engagement and happiness by making your team feel welcomed, valued, and heard.

Training & Development

The more opportunities your employees have to learn, the stronger they will be. Create and make the most of mentoring and training programs with MangoApps.

THE ALL-IN-ONE TOOLKIT YOU NEED TO CONNECT YOUR TEAM

Intranet, communication, collaboration, and training in one intuitive, mobile-friendly platform featuring automation, enterprise-level security and administration, and much more.

WHY MANGOAPPS?

Our modern feature set, modular approach, and pricing give you an easy way to meet your employees where they are, with a unified employee experience.

NUANCED

There are a lot of modern work platform providers, but few of them have been doing it as long as we have. The result is that our product does everything you would need, with all the nuance that comes with long experience working closely with customers.

MODULAR

With MangoApps' modular approach, you can get the narrow functionality you need right now, and only pay for that piece of the product. Down the road, when you have another need to address, we'll be here with a ready solution.

AFFORDABLE

We keep our prices low and deliver outsized value. The amount of functionality we bring to the table vastly outweighs what you would expect to get at our price points.

UNIFIED

We give your corporate and frontline workers a unified experience. MangoApps is designed to act as a bridge between teams, and we integrate with all the tools both your frontline and office workers are already using.
