

GENERAL INFORMATION MOUNT WASHINGTON HILLCLIMB

INFORMATION - If you have questions regarding this event

General Information In New Hampshire only (800)622-7100, Other states or NH (603)669-3270
Registration questions regarding a specific entrant etc. . . (603)669-3635

REGISTRATION - Preregistration will be accepted by mail on an as received basis. As last year, **registration is limited to 300 riders**. Registration will close September 7th or when the limit of 300 is reached, whichever occurs first. All registrations must be postmarked on or before September 7th. Please send an SASE with your Registration and Fees. We will return it with confirmation of your registration or a return of your fees if registration has closed. While there will probably be some available registrations at the race due to "no-shows" they will be handled on a first-come/lottery system. Be forewarned. If you don't preregister and drive to Mt. Washington expecting to register you will probably be shutout. Please, if you have friends planning to compete who may be unaware of the field limit, call them so that problems in this area might be avoided.

THE COURSE - 8 Miles of very steep climbing. The average grade is 12% with the final 50 yards 22%. Know your capabilities and gear accordingly. Approximately half the road is not paved but is very hard packed smooth dirt in good condition. Training weight sewups should be OK. No water is available during the climb -- **Carry Enough Water!!** Automotive traffic is kept off the road for the first hour of the race. If you are still on the road when traffic resumes, keep right and remain courteous in allowing traffic to pass.

WEATHER - Mount Washington is known for some of the most severe and unpredictable weather in the world! Be prepared by bringing clothing for any contingency. Fog, rain, sleet, snow, high winds, and wind chills well below 0° are possible. **Be ready for anything!** We would highly recommend all riders bring a blanket which can be given to driver of their "ride-down" vehicle. Blankets are always needed at the summit when riders finish. **If weathers conditions are severe enough this race may be canceled completely or a finish line declared at any point on the auto road above which travel is deemed to dangerous.**

REST ROOMS & OTHER FACILITIES - Glen House (the large building across the highway from the parking lot) has a cafeteria. Rest Rooms in the garage just below Glen House will be open for use. If you use the cafeteria or drinking fountain in Glen House, **Please, do not walk through the building in cleated shoes or bare feet.**

GETTING BACK DOWN - This is one of the most difficult issues to deal with regarding this event. All riders must be driven down in vehicles. **Absolutely no Hillclimb competitor will be allowed to ride his/her bicycle down the auto road!!**

• Everyone should be aware of the fact that rides down from the summit are dependent on enough vehicles volunteering to make the trip. Getting a Race Number (and being allowed to compete) is dependent on a riders having pre-arranged a ride down. If too few vehicles volunteer, some competitors are going to have a hard time finding a ride down. **SOLUTION -- EVERYONE WHO CAN, MAKE THE TRIP TO THE SUMMIT.**

RULES REGARDING THE "RIDE-DOWN" PROCEDURES

• All competitors must be driven down from the summit in a motor vehicle. **NO COMPETITOR WILL BE ALLOWED TO RIDE HIS/HER BICYCLE DOWN FROM THE SUMMIT.**

• Vehicles making the trip to the summit to bring riders down must have no passengers during the ascent. **NO EXCEPTIONS (SEE BELOW)** If a vehicle has only a driver, a free pass will be issued and no toll need be paid.

IF YOU MUST TAKE PASSENGER(S) WITH YOU, YOU WILL BE TREATED AS A REGULAR TOLL-PAYING VEHICLE. YOU MUST PAY THE FULL-TOLL AND WAIT FOR 1 HOUR AFTER THE RACE START (WHEN NORMAL TRAFFIC RESUMES) TO DRIVE TO THE SUMMIT.

• Vehicles making the trip to the summit must (in as far as possible) carry a full complement of passengers during the descent. This requirement is subject to the following load limitations. (IN GENERAL --6 BIKES = 1 PASSENGER BY WEIGHT)

In addition to the driver the following vehicles may carry . . .

Compact Cars	2 passengers
Mid Size Cars	3 passengers
Large Cars, Station Wagons, Minivans	4 passengers
1/2 ton & 3/4 ton vans	5 passengers
1 ton Vans	7 passengers

NO HONDAS MAY DRIVE TO THE SUMMIT - THEIR TRANSMISSION MAKES IT UNSAFE

• In order to compete, a rider must have a race number . . . In order to pick up his race number a rider must have arranged a ride down from the summit.

RACERS -- READ THIS! -- You must pre-arrange a ride-down from the summit in order to pick up your race number. If you need a ride, make a pass through the parking area and look for vehicles with an orange flag (tape) attached to their antenna. The persons at these vehicles are in need of riders. They will give you a RIDE TICKET. If you arrived with someone planning to drive to the summit have them read the next paragraph and proceed to the VEHICLE CONTROL LINE to pick up your vehicles RIDE TICKETS. Presentation of the RIDE TICKET at the CHECK-IN LINES will allow you to pick up your RACE #

SUMMIT DRIVERS -- READ THIS! -- Pick up your FREE PASS, ORANGE FLAGGING TAPE and RIDE TICKETS at the VEHICLE CONTROL TABLE. You will be given a number of RIDE TICKETS in accordance with the number of passengers you can carry. You must arrange to carry as many riders and bikes as you can safely. (SEE THE LOAD LIMIT SUGGESTIONS ABOVE). If you need additional riders, tie the orange flagging tape to your antenna. Racers in need of a ride down will be looking for it. Hand out the RIDE TICKETS to those riders who come to you looking for a ride. Once you have a "full load" remove the tape. You may leave for the summit after 9:00AM when you have a full complement of riders lined up. In any event you must leave for the summit no later than 9:40AM. DRIVE DIRECTLY TO THE SUMMIT -- NO STOPPING TO WATCH OR PHOTOGRAPH THE RIDERS.

RACE NUMBERS - In past years, difficulty in reading RACE NUMBERS has made recording times for some riders difficult. It is the responsibility of the rider to wear his/her number on the right hip OVER any clothing required for warmth etc. If your number is obscured by clothing or affixed in such a manner as to make it unreadable your time may not be recorded.

AWARDS CEREMONY - An Awards ceremony will be held at the Wildcat Ski Area at 2:30 PM approx. Keep in mind that race officials must insure the finish and/or safety of all riders prior to leaving the auto road area for the awards ceremony. While we understand the waiting seems interminable to those who have been finished for 3 hours we urge you to be patient. Annoying race officials with requests for results during this time only compounds the delay. We will do everything in our power to keep the awards ceremony reasonably on time.

PLEASE REMEMBER - The Mount Washington Auto Toll Road is a privately owned and operated road. The race can only be held, (and may continue to be held) as a result of the owners permission and graciousness in temporarily restricting traffic etc. Your behavior on the road, in obeying race officials directives, in complying with vehicle limitations and requirements for bringing racers down from the summit, all speak for the continuance of this race. **The inconsideration of a few can force disappointments on a majority.** Please work together to keep this event going.

SCHEDULE OF EVENTS

7:30 - 9:30 Vehicle Pass Distribution; Rider Check-In and Race # Assignment
9:00 - 9:40 Vehicles with free passes leave for the summit
9:50 Rider's Meeting

Dear Mt. Washington Hillclimber,

Thanks for competing in the Twelfth Annual Mt. Washington Hillclimb. As is our normal procedure in any race which we promote, here is the promised results listing. It is correct to the best of our knowledge. Call (603-569-3086) if you feel your time is in error and we'll do our best to resolve it. For your position in your category, count the number of riders in your category above you and add one.

We have approximately 3 dozen large T-shirts with a slight discoloration in the tag area. If you can wear a large and would like another shirt, they are available at \$2.00 each + \$1.00 each (shipping).

If you have suggestions or comments on how the race was run, drop us a postcard or call. With your input improvements can be made.

"The Gnomes"

Dear Mt. Washington Hillclimber,

Enclosed is your complete results listing. After considerable checking it is correct to the best of our knowledge. If you feel your time is in error give us a call at (603)-569-3086 and we will attempt to resolve it. Please note the following: Times for Citizen Senior Men are 2:00 more than those on the listing at the awards ceremony. This was due to this groups starting 2 minutes prior to what was expected by the computer results program. Correct times are in this listing. Divisional placings on this listing reflect the place in the group you checked on your registration form. Some of these groups were combined for the purpose of awarding prizes. Therefore you might have placed fairly high in your division but may not have been in the "money" for prizes. Also, remember this event had a staggered start. The person you remember finishing with might not be in the same place on this listing due to the stagger.

Most competitors like to know how they faired with regard to the average time for their division. We have listed divisional and overall averages listed below.

USCF SEN I MEN	1:15:40	USCF MST&G.MSTR	1:47:20
USCF SEN II MEN	1:11:48	USCF SEN WOMEN	1:41:20
USCF SEN III MEN	1:18:10	CITZ SENIOR MEN	1:39:54
USCF SEN IV MEN	1:27:39	CITZ VET MEN	1:51:58
USCF JUNIOR MEN	1:23:26	CITZ JUNIOR MEN	1:32:51
USCF VET MEN	1:21:10	CITZ WOMEN	1:56:30
ALL MEN	1:36:25	ALL WOMEN	1:50:29
ALL USCF	1:24:16	ALL CITIZEN	1:43:25

We have been asked to inform all cyclists (and as such would appreciate your passing this on to your friends) that as of Sept. 15th, this year the Mount Washington Auto Toll Road is no longer open to bicyclists. This decision was made as a result of conflicts between recreational cyclists and automobiles during the past year. The Mt. Washington Hillclimb Bicycle Race will continue to be held, however training on the mountain or pre-riding the course prior to race day is no longer permitted.

We appreciate the co-sponsorship of Shaklee Products Distributors, Dave and Merrill Rich. We saw a lot of you enjoying their Energy Bars. Shaklee is Nutritional Consultant to the U.S. Ski Team. They also coordinate the Ski Teams Sports Medicine Program. If you would like a copy of the Shaklee nutritional recommendations for the U.S. Ski Team at Sarajevo, just write the Riches at P.O. Box 1048, Wolfeboro, NH 03894 (603)5692751.

Our thanks to all of you for making the event run so smoothly this year. There are plans afoot to expand the race to a stage format encompassing a road race on Saturday and perhaps a time trial and criterium for next year. If you are interested and would like to make suggestions regarding this idea please send your comments to . . .

Dear Mount Washington Hillclimb Competitor,

You will find enclosed a results list for this years race. We are providing this list with the following qualifications. Approximately 40 racers who had registered were never recorded as having crossed the finish line (or, their numbers were misread -- as a duplicate of another number). Race numbers (and associated times) were hand recorded with pen & paper at the finish line. As an adjunct to hand recording, we were using a timing computer to record times. The timing computer recorded about 30 times for which no number was hand recorded. As a result we expect many of those racers for which numbers were not recorded did indeed finish. This listing should be used only as a general guide to your finishing position. You will note we have not included a "PLACE" column or divisional placings as in last years listing for this reason. If you are not in the listing and you can provide of with additional information (for instance, the number of the person you finished near) give us a call and we will do our best to provide you with a time.

Why such a severe misrecording of results? Our observations are that the conditions for recording results were abominable at best. Very high winds and cold temperatures made the physical task of writing and hanging on to a clipboard difficult. The weather conditions forced many riders to bundle up with additional clothing, which in a number of instances partially obscured or totally covered their number. Numbers which were visible were often flapping in the high winds such that they were not easily readable. The last minute change in the length of the race caught us unprepared with regard to finishing rate. The shortened race resulted in more riders finishing closer together and at a higher rate of speed. Those of you who have competed in this race the last two years know such inaccuracies have not been the case. However, the responsibility for result lies with the promoter and you have our apologies for this year problems

A few statistics on this years shortened race.

DIVISION	% OF TOTAL FIELD	AVG TIME FOR DIV.	DIVISION	% OF TOTAL FIELD	AVG TIME FOR DIV
USCF SEN II MEN	2%	0:32:12	CITZ JUN MEN	4%	0:39:41
USCF SEN III MEN	6%	0:35:32	CITZ SEN MEN	29%	0:44:10
USCF SEN IV MEN	12%	0:36:25	CITZ VET MEN	21%	0:48:52

USCF MSTR MEN	1%	0:44:22	CITZ JUN WOM	<1%	1:02:23
USCF JUN MEN	2%	0:39:18	CITZ SEN WOM	2%	0:43:11
USCF SEN WOM	1%	0:41:15	CITZ VET WOM	1%	0:48:52
			CITZ MST WOM	<1%	0:45:07
TOTAL USCF	30%	0:37:21	TOTAL CITIZEN	70%	0:45:36

Next year will mark the 15th anniversary of the "Hillclimb". For many cyclists in the Northeast it is more than a race -- it is a rite of passage into fall -- the end of the season. We have enjoyed our involvement the past three years and do not want to see this tradition end. The closing of our business has left us volunteer poor with regard to race promotion. We appeal to some cycling club, some business, some organization to get behind this race with a core of seriously interested volunteers necessary to a well-run race. We would like to stay involved in some capacity -- at least until a transition of systems and responsibilities to a new promoting organization can be affected. Please the -- Wolfeboro Sports Gnome, P.O. Box 882, Wolfeboro, NH 03894 -- if you, your organization or your business have any interest in the continuance of this race.

A note regarding protests and appeals . . .

- Several protests and appeals were discussed at the awards ceremony. Some changes were made at the consensus of officials, promoter and competitors. If our results did not include a time for those persons involved in protests or appeals, they are not included in this list.

A few notes regarding future Mount Washington Hillclimbs . . .

- The field limit of 300 will most likely be continued. Many were upset with this. Face it . . . the "Hillclimb" is a popular race for its "challenge". If it means alot to you, keep the field limit in mind and register as early as possible.
- Even though the shortened race eliminated the need for a ride-down-from-the-summit ticket system this year it is a necessity of this race and will be implemented in the future. All competitors should make every effort to (1) Come with someone who can drive to the summit & bring you down (2) Carpool to the race with other racers so there will be fewer cars bringing only 1 rider down. (3) Come prepared to deal with a ride-down system whether you like it or not.

Dave & Chip

Dear Mt. Washington Hillclimb Competitor,

Thanks for competing in the Fifteenth Annual under weather conditions as difficult as anyone can remember. The proceeds of the race will benefit the American Cancer Society and through your support you are helping to fight a disease which touches most of us either directly or indirectly.

Enclosed is the results listing. The poor weather this year resulted in about a 15% No-Show rate. We filled several of the No-Show positions race day and started approximately 260 riders. Times were recorded for 220 riders across the line. If your name is not in the listing it is because we had no finish line information for your Race #. A few people were missed or their number was misread. Once again, the weather and serious condition of several riders at the finish line worked against results recording. If you are not listed and can provide us with additional information (the number of a person you finished near, etc.) we will do our best to provide you with a time. A few riders did not provide us with Division Info. The time listed for these riders is a Gross Time (not corrected for the start groups). Divisional and Overall placings have been omitted for these riders as they are meaningless when using Gross Time. If you are interested in how you did with regard to the average time for your division; those averages and a few other groupings are listed below.

AVERAGE TIMES FOR DIVISIONAL AND SEVERAL OTHER GROUPS

USCF SEN II MEN	1:15:25	CITZ SEN MEN	1:42:20
USCF SEN III MEN	1:23:00	CITZ VET MEN	1:46:40

USCF JUN MEN	1:35:03	CITZ JUN MEN	1:43:56
USCF VET MEN	1:26:34	CITZ SEN WOM	1:49:33
USCF MST/GMST MEN	1:36:58	CITZ VET WOM	2:04:02
USCF SEN WOM	1:59:08		
ALL USCF RIDERS	1:35:48	ALL CITIZEN RIDERS	1:46:03
ALL MALE RIDERS	1:42:00	ALL FEMALE RIDERS	1:56:37

Three of the blankets which most of you welcomely accepted at the summit were lost. These blankets were a loan from the American Red Cross and are expected to be returned. If you mistakenly packed one of these blankets away in your car and discovered it when you got home; please call the American Cancer Society (in N.H. 800-622-7100 ... other states 603-669-3270) and they will make arrangements to pick it up.

The promoters are actively considering combining the "Hillclimb" with a Saturday road race for next year. We would appreciate suggestions on prospective courses in the Mt. Washington area. Registrants for this years race will (as this year) be mailed an application for next years race. As such you will receive a "first shot" at the field limit prior to its being opened to the general public.

The American Cancer Society, A. T. Nault & Sons Bicycle Shop, Chip & myself would like like to thank all of you for your support of this race. We hope to see you next year, under better weather conditions. Till next year ...

American Cancer Society

A. T. Nault & Son Bicycle Shop

AMERICAN CANCER SOCIETY
686 NAST ROAD
MANCHESTER, NH 03102

NONPROFIT ORG

Greenleaf, Mark
77 Trenton St
Pawtucket, RI 02860

1-800-622-7100

Dear Mt. Washington Hillclimb Competitor,

Thanks for competing in the Sixteenth Annual Mt. Washington Hillclimb. Last year we remarked that the weather was about as bad as anyone could remember. Unfortunately we didn't do much better this year. The proceeds of the race will benefit the American Cancer Society. Your registration fee is sometimes viewed only as a "ticket to ride". It will also help in the fight against cancer and for your support in this cause we thank you.

Enclosed is the results listing. After filling those places left open due to No-Shows we started about 290 riders. Finish Times were recorded for 263 riders. If your name is not in the listing it is because we had no finish line information for your Race #. A few people were missed or their number was misread. If you are not listed and can provide us with additional information (the number of a person you finished near, etc.) we will do our best to provide you with a time. When reviewing the results please remember the staggered start. These are net times. If you are interested in how you did with regard to the average time for your division; those averages and a few other groupings are listed below.

AVERAGE TIMES FOR DIVISIONAL AND SEVERAL OTHER GROUPS

USCF Senior II Men	1:18:51		
USCF Senior III Men	1:32:19		
USCF Senior IV Men	1:32:17	Citizen Senior Men	1:50:15
USCF Junior Men	1:27:35	Citizen Junior Men	1:39:16
USCF Veteran Men	1:26:48	Citizen Veteran Men	1:43:18
USCF Mstr/Gmstr Men	1:49:29	Citizen Master Men	2:02:15
USCF Senior Women	1:29:14	Citizen Senior Women	2:07:53
		Citizen Veteran Women	2:14:51
All USCF Riders	1:30:37	All Citizen Riders	1:51:11
All Male Riders	1:44:15	All Female Riders	1:57:55
All Riders	1:45:19		

Registrants for this years race will (as this year) be mailed an application for next years race (probably about mid July). As such you will receive a "first shot" at the field limit prior to its being opened to the general public.

The American Cancer Society, Mt. Washington Auto Road, Wildcat Mountain Ski Area, A.T. Nault & Sons Bicycle Shop, the Race Committee members, and Race Volunteers would like to thank all of you for your support of this race. We hope to see you next year under better weather conditions (we're due!). Till next year . . .

The Race Committee,

Dave, Chip, Howie, Ellen

1989 Mt. Washington Hillclimb

P.O. Box 882
Wolfeboro, N.H. 03894
September 30, 1989

Dear Mt. Washington Hillclimb Competitor,

Thanks for competing in the 17th Annual Mount Washington Hillclimb Bicycle Race. Your support of the American Cancer Society and their work is very much appreciated. Enclosed you will find the results listing. We started 318 riders and recorded 307 across the line -- a pretty solid finishing percentage for such a tough race. All times have been corrected for the staggered start. A few individuals have an asterisk (*) alongside their divisional placing. We did not have divisional information in these cases and made a guess. If we guessed wrong you may have to make an adjustment to your time. Correction factors are as follows: Race# 1-40 (irregardless of division) - no correction; Senior Men - minus 4 minutes; All other Divisions - minus 8 minutes. As always, if you think your time is seriously off or if you finished and are not listed; give us a call (603-569-1545 days) and we'll review the finish data to try to resolve it for you. Your suggestions regarding the running of this race are appreciated. If you would like to comment, please write to Dave Goucher, P.O. Box 882, Wolfeboro, NH 03894

Average times for each division as well as all men and all women are listed below. The overall average time for the race this year was 1:47:32

Junior Men	1:35:52	Junior Women	1:45:20
Senior Men	1:45:10	Senior Women	2:01:25
Veteran Men	1:46:23	Veteran Women	2:08:55
Master Men	1:50:42	Master Women	1:43:17
G-Master Men	2:17:42		
All Men	1:46:24	All Women	2:00:55

Finally, we got a pretty good year weather-wise. If anything, this year showed how futile it is to try to predict the races weather anytime except just prior to the race. The night before most were convinced of miserable weather and many registrants didn't show for that reason. Unfortunately they missed out on a pretty nice day!

This years registrants will receive next years registration form automatically. If you change address let us know if getting the form is important to you. You probably should have it by mid-July but it varies from year to year. If you suspect you've been missed don't wait until the last minute to contact us; upset that the field limit has been met.

Until next year . . .

PERFORMANCE™

Maximum Energy Sports Drink

When the Daedalus pilots couldn't obtain the energy they needed from the available sports drinks, they turned to Shaklee. Shaklee developed Performance™ for them. The bottom line is that after 72 miles of endurance record setting pedaling, all at near max, the pilot had not lost weight. *That's hydration!* That's available energy! That's performance!

For two canisters, Lemon/Lime & Orange (38 servings), and a **FREE** Performance™ water bottle, send \$19.90 to: Dave & Merrill Rich, 58 South Main St., Wolfeboro, N.H. 03894-1048; 603/569-2751.

18th

Dear Mt. Washington Hillclimb Competitor,

Thanks for competing in this years "Hillclimb". It was one of the best years weather-wise in quite a while. We hope everyone had a good time. Enclosed is the promised results listing. It came to our attention at the awards ceremony that a stopwatch screw-up and restart at the summit was not coordinated properly and everyone's times were off by an equal amount. Numerous phone calls to competitors yielded about 10 riders who were very confident of their own personal timing. When virtually all of these riders personal times differed from ours by 1:29 - 1:32 we knew it couldn't be coincidence. Therefore 1:31 was added to everyone's time resulting in the results listing provided. Our apologies to anyone at the awards ceremony who felt embarrassed as a result of applause for a performance (time) somewhat better than they actually turned in. Still, the race was generally more hotly contested than a year ago and resulted in many excellent times. Sixteen riders turned in times faster than the winning time of 1989. As always, if you are not listed or feel your time is significantly in error; give us a call (Dave 603-569-1545) and we'll try to resolve it for you.

Average times for each Division and all Men and all Women are listed below. The average time for the race this year was 1:41:01

Junior Men	1:40:13	Junior Women	1:48:29
Senior Men	1:34:36	Senior Women	1:56:48
Veteran Men	1:43:30	Veteran Women	2:01:41
Master Men	1:55:05		
G-Master Men	2:07:36	G-Master Women	2:30:00
All Men	1:39:17	All Women	1:57:31

A warm thanks is extended by the American Cancer Society for your support of their programs by competing in this event. Our sponsors, the Mt. Washington Auto Road, Wildcat Mountain Ski Area and the Dana Place Inn also thank you.

"Till Next Year . . .

Howie Dave Chip Donna

TIN MOUNTAIN CONSERVATION CENTER

BUSINESS OFFICE:
P.O. Box 1170
Conway, NH 03818
(603) 447-6991

JACKSON, NEW HAMPSHIRE

September, 1994

Dear Competitor,

For the first time in the 22 year history of the Mt. Washington Auto Road Bicycle Hillclimb, bad weather forced cancellation of the race Sunday. The decision to cancel was not made hastily or lightly. We recognize that many of you traveled a great distance and trained many miles to be ready for this unique race; we commiserate with your frustration at being unable to complete this experience.

The decision to cancel was made jointly by the U.S.C.F. official and the Mt. Washington Auto Road general manager with weather information from the Mt. Washington Observatory weather station on the summit. The morning's weather and the day's forecast were dismal. The base of the road might have been 52 degrees, but the summit had temperatures hovering at 33 degrees with freezing rain whipped by sustained 55 mph winds, gusting to 69 mph. The wind chill was below 0. High gust for the day was 90 miles per hour. Sending 400 racers, 250 support vehicle and 150 volunteers into potentially life-threatening weather would not have been in anyone's best interest.

Tin Mountain Conservation Center thanks you once again for your support, patience and understanding. Let's hope Mother Nature is a little friendlier next year.

The 1995 race date is Sunday, Sept. 10. Race registrations are scheduled for mailing the first week of July, 1995.

Thanks again and we look forward to seeing you next year.

Sincerely

Cathy Wemyss
Race Director

JACKSON, NEW HAMPSHIRE

September, 1995

Dear Competitor,

We didn't think it could happen. For the second time in as many years, after 21 years of races, bad weather forced cancellation of the 23rd Mt. Washington Auto Road Bicycle Hillclimb. We recognize that many of you traveled a great distance and trained many miles to be ready for this; we understand how discouraged you feel.

Please understand that a decision to cancel is not made hastily or lightly. By the time you register on Sunday morning, Tin Mountain has incurred all of its expenses and done most of its work. It has recruited literally 150 volunteers to stage the event; they are there and ready to work. The Auto Road began staging this event 23 years ago as the one day each year cyclists could test themselves on the mountain. Although it receives no remuneration and its employees volunteer many hours, it, too, wants to see the race go off. All proceeds support Tin Mountain's outdoor environmental education for local children. We do not take your registration fee lightly.

The decision to cancel was made jointly by the U.S.C.F. official and the Mt. Washington Auto Road general manager on the summit with the best weather forecast available from the Mt. Washington Observatory weather station. The conditions and forecast were dismal. The base of the mountain might have been nice, but the summit had freezing temperatures and icy rains whipped by 60 mph winds. The wind chill was 7 below 0. Again, sending 400 racers, 250 vehicles and 150 volunteers into icy, life-threatening conditions would not have benefited anyone.

We realize this does not lessen your frustration. The Auto Road and Tin Mountain Conservation Center appreciate your support, patience, and good advice. While we recognize that the mountain summit never offers a guarantee of good conditions, we are considering your suggestions of an earlier date and are working together to see how we can greatly reduce the chances that the event will have to be canceled again. We'll let you know what we come up with.

Thanks again, and we look forward to seeing you next year.

Sincerely

Cathy Wemyss
Race Director
