## TESTIMONIALS

“Stayed there a few months ago and the experience was exemplary. When something wasn’t right with our room the staff quickly rectified it. The amenities (hot tub, cycle rental) were so convenient! The location is so central and you can easily walk to the shops of the main town. The rooms were modern, clean and well-maintained! Will surely come back, and special shout out to the staff who were amazing! :)”

“Comy Central Stay. Wonderful stay at Basecamp lodge for a little mountain time. Beautiful large room, nice lounge area to watch the sunset from and the staff were wonderful. Even offered to move their car to make room for us. Nice touches with the breakfast box too! Will be sure to share with friends!”

“Gem in Canmore. Beautifully appointed rustic room feels. Was perfectly situated, very close to downtown. Bathrooms had quality supplies. Staff are friendly and helpful. Love everything about this accommodation. Will definitely stay here when we come back.
