

# GO-Box

## Coverage

Austria

## Summary

**Delivery time:** The GO-Box can be picked up at a GO Point of Sale at the border of Austria and Germany. The order, done through MyTolls, expires after 3 months

**Order through:** <http://www.mststolls.com>

**Deposit:** No

**Possible discounts:** There is a difference in the day rate and the night rate between 22.00 and 05.00

**Contract:** No

**Order form:** No

## Invoice information

**Invoice frequency:** Weekly, afterwards

**Transaction frequency:** Every 2 days

**VAT rate:** 20%

## Mutations

**Blocking:** The GO-Box can be handed in at a GO Point of Sale in Austria or you can send it back to Asfinag. **Pay attention,** you can only block the MSTs Tolls card, which is linked to the GO-Box, not the GO-Box itself

**Vehicle change:** The GO-Box is linked to a license plate and must be changed at a GO Point of Sale in Austria

**Stolen or lost:** Via MyTolls you can only block the MSTs Tolls card, which is linked to the GO-Box, not the GO-Box itself

**Defect:** You can hand in the defective GO-Box at a GO Point of Sale in Austria. There, you can purchase a replacement GO-Box with your MSTs Tolls card

## Details

For registering Austrian toll, the driver can choose from 2 kinds of GO-Boxes, namely: the Prepaid GO-Box and the Postpaid GO-Box.

A GO-Box must be linked to a way of payment, in our case, the MSTs Tolls card.

The registration of the Austrian toll can also be linked to the German OBU. This is called the Toll2Go system. In order to register a vehicle for Toll2Go you must have an active MSTs Tolls Card.

Within 2 weeks after picking up a GO-Box, you must upload the registration documents, proving the Euronorm classification to the Asfinag website. If the Euronorm classification is not mentioned on the registration certificate, a Cemt / Cop document is needed. You can upload it directly to the website of Asfinag <http://www.go-maut.at>.

If Asfinag was not able to register the documents within these 2 weeks, the GO-Box will be blocked. The driver will risk fines when driving the Austrian roads.

If the GO-Box has been ordered via MyTolls, the vehicle documents will be automatically sent to Asfinag in Austria.

If you do not use the Postpaid GO-Box anymore, you can return it to the following address:

ASFINAG Maut Service GmbH  
 OBU-Retouren  
 Rosenbach 130  
 9183 Rosenbach, Austria
