Child Care Subsidies

Subsidies for child care may be available

- » Use the internet at:
www.gov.on.ca/children/english/programs/beststart/care/STELo1_136541.html

Children's Aid Societies (CAS)

If CAS is involved with your grandchild, there are two types of arrangements that may be made:

Kinship Care

- » If the child is a ward of the CAS and it has been decided that it is in the child's best interest to live with you, you may be eligible for monthly foster payments. This is called Kinship Care.
- » To qualify for kinship foster care payments, you must meet the same standards as other foster care homes. This is a difficult process. You will be asked to do training, get medicals and references, and have your home inspected.

All legal decisions about the child will be made by the CAS. You will have to follow their rules and work cooperatively with them.

Kinship Service

If the child is not a ward but there is an open CAS file, you may still be able to receive occasional help.

For example, CAS may help buy extras such as a crib or car seat.

- » Funding is decided case by case. The worker will ask for receipts.
- » To find out whether you can get funding, talk to your local CAS kinship support worker.
