

We're Obsessed with Inventory

Automated Inventory Management

Storeroom Logix is obsessed with connecting the supply chain and changing how parts are controlled.

Objectives

**Reduce
Downtime**

**Optimize
Inventory**

**Save
Money**

The SRX Solution

Storeroom Logix is a cloud-based, SaaS platform providing turnkey Supply Chain and Inventory Management solutions.

With over 270 software features, supplemented with a connected equipment package, SRX provides a game changing Inventory Management solution.

SRX Solution highlights:

- Advanced cloud-based software
- Connected equipment solution
- Supplier and Customer Integration
- Advanced algorithms for optimal inventory management

The SRX Solution

Cloud Based Software

Checkout Software

Asset Tracking

Mobile App

Powerful Analytics

Equipment

Multi-Vendor

SRX software is amazing

SRX Software

Storeroom Logix software (SRX) is a 100% cloud-based solution built on the AWS infrastructure.

SRX contains over 270 software features

Our software runs our equipment – all connected in the cloud

Actionable Dashboards and Reporting like you have never seen before

Automatic on-hand inventory adjustments and replenishment requests

Key features include the following:

- Customer portal
- Mobile apps
- Checkout Software
- Real-time visibility and control of all data, anywhere, at any time, by anyone
- Serial number traceability from supplier to machine
- Asset Management

SRX Equipment helps us control our inventory

SRX Equipment

Storeroom Logix equipment supplements SRX software to provide a complete and customizable Inventory Management solution.

Reduce consumption, shrinkage, and downtime by controlling who, what, when and where.

SRX equipment connects seamlessly to SRX software

Labels

Scan on and off line for time savings and accuracy

Order buttons

Instant replenishment at the click of a button

Smart Shelves

Automate the audit and replenishment process

Vending Machines

Reduce usage and shrinkage

Lockers

Control access and trace usage

RFID

Automate inventory usage, levels, and replenishment

We really
can save
money with
Storeroom
Logix

Return on Investment

Storeroom Logix is obsessed with your inventory and helping you reduce cost. Your Return on Investment (ROI) will be high and your Payback will be quick when you invest in SRX.

Lower costs by reducing downtime, consumption, shrinkage, labor and carrying costs

Downtime

Reduce downtime by having the right part when needed

Consumption

Reduce consumption by controlling access and usage

Shrinkage

Reduce shrinkage with control, visibility and traceability

Labor

Reduce labor costs by automating manual processes

Carrying Costs

Reduce carrying costs by optimizing inventory levels
