

Converting energy-the power of solar panels

Mmmmm, S'mores!

Materials

small pizza box
(or another similar
cardboard box)

black
paper

graham
crackers

scissors

chocolate

marshmallows

aluminum
foil

plastic
wrap

tape

Instructions

1. Line the bottom of the pizza box with black paper and tape it down.
2. Cover the top of the box with aluminum foil
3. Prop the box open with a wooden stick if it keeps closing. Important detail here is to make sure the lid is at an angle that will shine the sunlight into the bottom of the box.
4. Now for the yummy part - put the graham crackers, chocolate, and marshmallows in the box and cover them with plastic wrap.
5. Place the completed box in a sunny spot outside.
6. Now the hard part is waiting for it! It can take up to an hour to melt the s'more.
