## Earth in its home, the Solar System

Fill in the blanks using the word box and the picture above.

### Word box

sun, Saturn, Uranus, Neptune, Mercury, hottest, Earth, Mars, largest

### Our Solar System

Our solar system is amazing! All planets orbit around the \_\_\_\_\_.  
The planet closest to the sun is \_\_\_\_\_. The next planet is  
Venus, and it is the \_\_\_\_\_ planet in our system. We live on  
\_\_\_\_\_, the only planet with water and life. The next planet is  
\_\_\_\_\_, called the Red Planet. Then comes Jupiter, the  
\_\_\_\_\_ planet; it is huge! The planet famous for its rings is  
\_\_\_\_\_. The second to last planet is called \_\_\_\_\_,  
it has rings and rotates on its side. And last, we have the coldest planet,  
called the Blue planet. It is \_\_\_\_\_.
