S NTD Software

People work with us because we have
## +30 years combined in the business of matching LATAM engineers with USA based companies

Our team was founded by 3 industry experts based in Mexico & San Francisco

We're connected to **more than 100k engineers** in LATAM.

Our superpower is

We are easy to work with because
we are great at what we do.
Extremely well connected.
We know the market inside and out
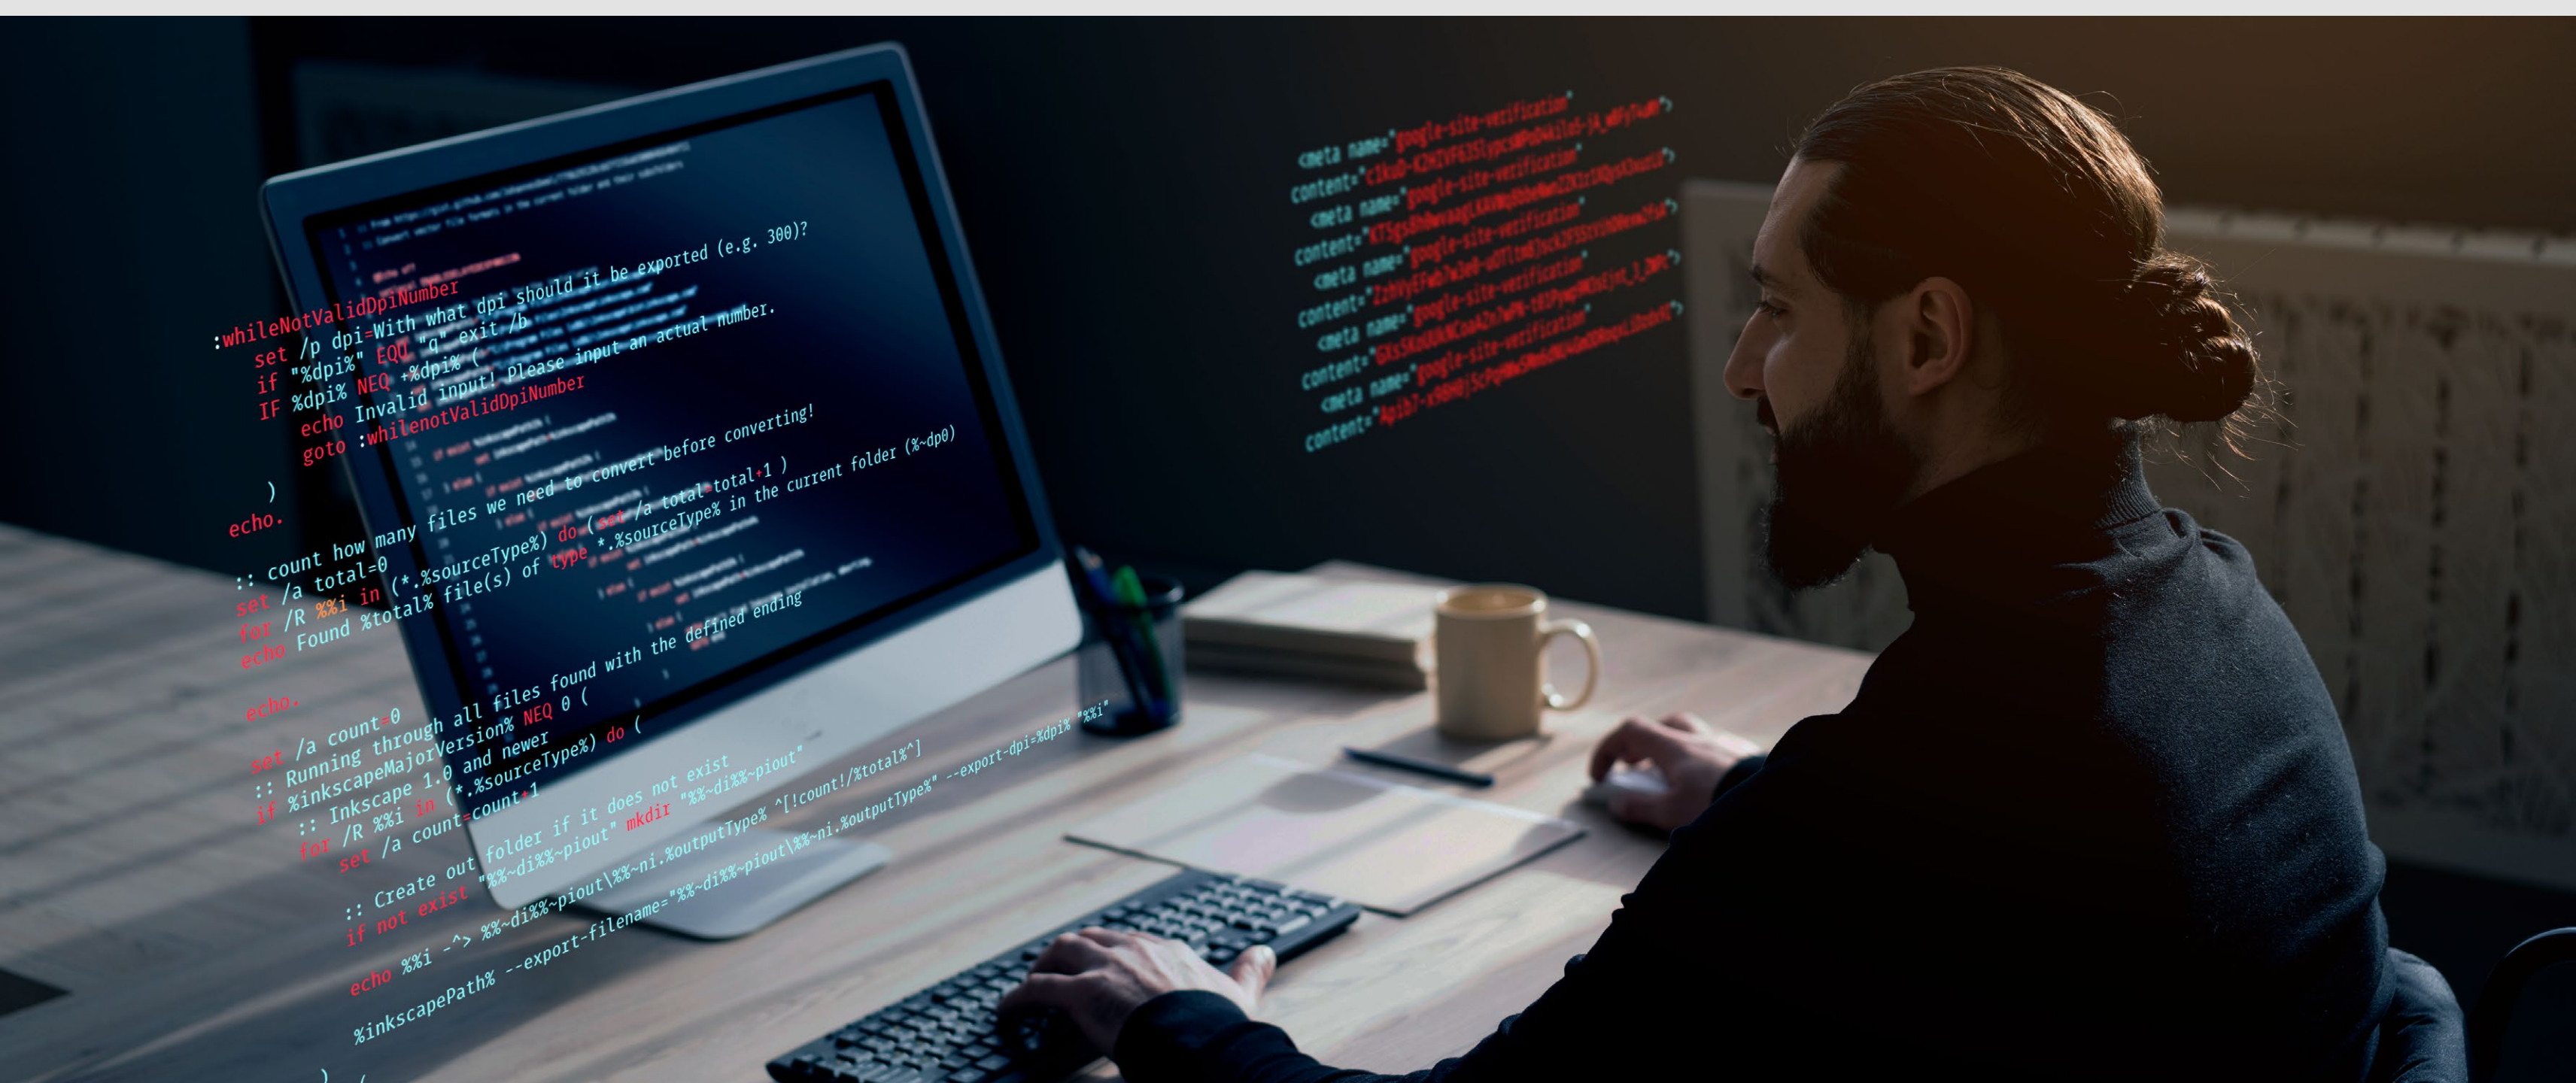

These are some of our clients
