

DCAP Ltd is hiring.

Senior Portfolio Manager Web3 & Digital Assets

DCAP Ltd is a newly founded investment advisory house for digital assets. Our team consists of experts that are deeply embedded in Web3. We are passionate about the transformative potential of decentralized technologies and are convinced that digital assets and Web3 are here to stay. They will impact every facet of our lives, including how we build and invest our wealth. Web3 is uncharted territory. DeFi, Metaverse and NFT projects are abundant; a new asset class is emerging.

Visit dcap.ch for further information.
