Description of the property

A house with a clear concept, to create a fusion between interior and exterior, obtaining open, bright and functional spaces. The living room invades the terrace and invites you to enjoy the wonderful Mediterranean climate, which offers us practically 300 days of sunshine a year. Designed in open modules distributed in an L-shape, the villa embraces the main garden, where an impressive infinity pool stands out, merging with the sea. An open space to the outside, inviting to enjoy the sun and Mediterranean climate, but oriented in such a way as to achieve maximum privacy. The villa is divided into two levels. On the upper floor, the sleeping area is distributed, where two bedrooms share a common bathroom, while the master suite becomes a private sanctuary with its own bathroom and dressing room. From the rooms, you can enjoy breathtaking views of the sea and the mountains, creating a sense of serenity and tranquility that invites rest. On the ground floor, the day module is located, which opens to the outside, creating a sense of continuity and connection with the surroundings. The day module is composed of the entrance hall, a guest bathroom, and the tandem formed by a spacious living-dining room and kitchen that integrate perfectly. Both modules converge in the outdoor area with the terrace and pool as a point of connection. The contemporary style of Villa Nara blends with Mediterranean tradition, creating a harmonious and balanced space that invites relaxation and enjoyment of the senses. The main garden, with its Mediterranean vegetation and aromatic plants, connects you with nature. In short, Villa Nara is a unique and special villa,
