

Yvonne Scarabello

**Primary Teacher - Design
& Technology (DT)**

“The subject Crafts, Design, Technology gives the children the opportunity to understand how things work in everyday life and how they are made. I like to pass on my fascination for technology and design to students and enable them to develop and implement their own ideas. What could be greater than designing your own world, right?”

Professional experience

- Primary Teacher for Crafts, Design, Technology and Visual Art, local schools, Switzerland
- Art club for children, Horgen and Frauenfeld
- Visual artist with exhibitions
