

# Jenny Di Maio

**Primary Teacher - English  
as additional language**

Everybody plays a valuable role in our school community. My job is to meet students at their level and move them forward in a safe and stimulating environment, allowing them to take risks and express themselves confidently. With a focus on one-on-one interaction and support within the classroom, I can embrace a lot of differentiation in my lessons.

After 20 years of teaching, I am still in awe of the growth those little minds are capable of! ”
