

For August 2024 we are seeking a

Digital Learning Coordinator / ICT Support

approx. 60% (Digital Learning Coordinator 40% / ICT Support 20%)

We welcome separate applications

The school

- We are a small, private, bilingual day school with approximately 130 students (Pre-Kindergarten to Grade 6) at each campus in Horgen and Küsnacht
- Our teachers are native English and German speakers
- We follow *Lehrplan 21* enriched with international curricula
- As a non-profit school we offer a familiar and stimulating environment with an international mindset

The role

- Your role involves support at both our Horgen and Küsnacht campus
- As a Digital Learning Coordinator you are responsible for supporting our teachers with our ICT curriculum and promoting digital learning through a transdisciplinary approach
- You teach our students ICT lessons
- The role of ICT support focuses on the technical support of the school's digital resources, including first level support across both of our campuses

What you can look forward to

- A diverse role that involves a mix of teaching and learning, conceptual development, resource management and administrative duties
- ICT support: An additional layer of support through an external IT company
- Freedom to develop new concepts in an unbureaucratic setting
- A team that values and is interested in digital learning
- Inspiring collaboration within a team of international and local educators

What we are looking forward to

- Your confident and cooperative personality
- Your passion for teaching
- Your positive collaboration with the team and senior leadership
- Your ability to work on conceptual projects and transfer vision to practice

What you need to bring along

- Digital Learning Coordinator: Experience in an equivalent role, ideally with a teaching qualification
- ICT support: Qualifications or experience working in an ICT related field
