

# em.dome – the number one choice for professionals.

em.dome modular rooflights are primarily designed for introducing daylight into offices, healthcare, industrial and commercial buildings. They are available as square, rectangular or circular.

em.dome modular rooflights may be glazed in single, double, triple, quad, ECO10 and ECO16 polycarbonate. Glazing types include diffused, clear or heat reflect as the most common types.

A domed profile is available for all the manufactured sizes and a large proportion of these are also available as pyramidal rooflights.

Ventilation can be achieved either via fixed vents installed in the upstand or opening manually or electrically.

A wide range of upstands are available to accommodate roof insulation or an adaptor may be installed to builder's upstands.

A large range of accessories are also available including, operating rods, control panels, rain sensors, thermostats and remote control.
