**Note: Please refer to [CelcomDigi Fibre - Postpaid and Fibre Rebate](#) & [CelcomDigi Fibre - Standalone Rebate](#) sections for all applicable rebates.*

3. Who can sign up for CelcomDigi Fibre?

Anyone who is 18 years old and above can sign up for CelcomDigi Fibre. Please note that if you are a foreigner, a RM500 deposit will be required.

4. How do I sign up for CelcomDigi Fibre?

Just follow the simple steps below:

Step 1 : Ensure your address is covered by our CelcomDigi Fibre network. Click [here](#) to check if your area is within our network coverage.

Step 2 : Fill up the information required in the registration form correctly. We will contact you via WhatsApp within 24 hours*.

Alternatively, walk-ins are also available at any Celcom bluecube or Digi Stores.

5. How fast can I get my CelcomDigi Fibre appointment scheduled?

To get your Fibre installation appointments scheduled within 24 hours, please respond to the follow-up WhatsApp messages from the CelcomDigi team upon submission of your registration form.

6. Do all CelcomDigi Fibre plans come with a contract?

Yes, all new CelcomDigi Fibre Plans come with a 24-month contract.

7. Am I allowed to change my CelcomDigi Fibre plan during my contract period?

Yes, you are allowed to upgrade your CelcomDigi Fibre plan during the contract period free of charge. However, a RM50 downgrade fee will be charged for each downgrade request.

8. What happens if I terminate my CelcomDigi Fibre plan within the contract period?

If you decide to terminate your CelcomDigi Fibre plan within the contract period, you will be charged an early termination fee. Termination charges will be based on a minimum amount of RM500, or the remaining contract value (Number of months remaining * monthly Fibre fee), whichever is higher.

9. Can I relocate my CelcomDigi Fibre service?

Yes, you may relocate your CelcomDigi Fibre service. However, this is subject to coverage availability. Just walk into any Celcom bluecube or Digi Stores to submit your relocation request. Please ensure you bring your existing equipment to the new address at the time of installation.

If the new address is not within CelcomDigi Fibre's coverage, you may terminate the CelcomDigi Fibre service. However, you will need to walk into a Celcom bluecube or Digi Store for this. Please bring your existing equipment to terminate the service. Kindly note that you will be charged an early termination fee will if your CelcomDigi Fibre plan is still within the contract period.

10. Can I transfer the ownership of my CelcomDigi Fibre to someone else?

No, you are not allowed to transfer the ownership of CelcomDigi Fibre.

1. What is the CelcomDigi Fibre Standalone Rebate?

The CelcomDigi Fibre Standalone Rebate is a promotional rebate granted to new CelcomDigi Fibre customers who are not Celcom or Digi postpaid subscribers.

2. How can I enjoy the CelcomDigi Fibre Standalone Rebate?

If you are not a Celcom or a Digi postpaid subscriber, you can enjoy the rebate by subscribing to our new CelcomDigi Fibre 100Mbps or 300Mbps plan during the promotional period. The rebate will be granted to your Fibre line within 60 days, post-activation. The rebate for your 1st month will be prorated according to your billing cycle.

3. What is the value of the CelcomDigi Fibre Standalone Rebate?

You are entitled to a RM40 monthly rebate for CelcomDigi Fibre 100Mbps and RM75 monthly rebate for CelcomDigi Fibre 300Mbps.

4. How long will I be granted the CelcomDigi Fibre Standalone Rebate?

The CelcomDigi Fibre Standalone Rebate will be granted for six (6) months from your CelcomDigi Fibre plan's activation date.

5. What happens if I sign up for more than one (1) Fibre Line?

You are only eligible for a maximum of 1 CelcomDigi Fibre Standalone Rebate per NRIC.

If you have more than 1 eligible Fibre Line, the CelcomDigi Fibre Standalone Rebate will be granted to your Fibre line with the longest tenure.

6. What happens if I sign up for a Celcom or Digi Postpaid plan that qualifies me for the Postpaid and Fibre Rebate?

Your CelcomDigi Fibre Standalone Rebate will be replaced with the CelcomDigi Fibre - Postpaid and Fibre Rebate based on the latest combination of your Postpaid & Fibre plans.

Installation and Activation for CelcomDigi Fibre

What is the CelcomDigi Fibre installation process?

Once you have registered for CelcomDigi Fibre online, at any Celcom bluecube or Digi Stores, we will contact you within three (3) business days to confirm your installation appointment. Upon confirmation with our agent, you will receive an email detailing your appointment date and time. In the event that you need to reschedule your installation appointment, please WhatsApp our CelcomDigi Fibre account (+6011 1600 3088) at least 72 hours before the installation date. Failure to do so will result in a RM200 fee.

Standard Installation

Standard installation takes an average of 2 hours. The duration differs from home to home depending on the distance of the fibre cable and other factors. The standard installation service is free but non-standard installations are chargeable to the customer.

Standard installation includes:

- Up to 100m fibre cable connection from the nearest distribution point to the Broadband Termination Unit (BTU)
- Up to 2m of RJ45 cable from the BTU/ modem to the Customer Premises Equipment (CPE)/ Wi-Fi router

Non-Standard Installation

Non-standard installation is defined as any work that is not covered under standard installation including but not limited to over the ceiling, underground ducts, concealed wiring etc. Such work must be completed at the customer's expense and CelcomDigi will not be held responsible for the quality or completeness of such work.

You are required to be present on the day of installation. In the event that you are not able to do so, a person you have designated (the "Designated Person"), aged 18 and above is to be present on your behalf. If the designated person is present on the installation date, you hereby agree and authorise the designated person to sign the service acceptance form on your behalf.

Once installation is completed, please ensure a speed test is done by the installer with at least 90% of the subscribed speed achieved via LAN cable before you sign the Service Acceptance Form (SAF). In the event of unsuccessful installation, CelcomDigi authorised installer will try to resolve the issue on the day itself or reschedule another session after performing a further investigation.
