

BOUNDLESS
LIFE

Tuscany ITALY

BOUNDLESS.LIFE | 2023

A bucket-list destination for so many of us and the perfect place to discover 'Bella Italia', Tuscany is a feast for all the senses. Your eyes will feast on the medieval architecture of the terracotta-hued streets and squares of our Boundless base in Pistoia and the world-famous art of nearby 'jewel in the Tuscan crown' - Florence.

The spa towns of Montecatani Terme and Saturnia provide a unique opportunity to bathe alfresco in the restorative thermal waters.

Of course, no description of Tuscany is complete without mentioning the culinary delights that await you! Prepare to enjoy historic local dishes and modern flare and fusion alike.

Your Boundless Base

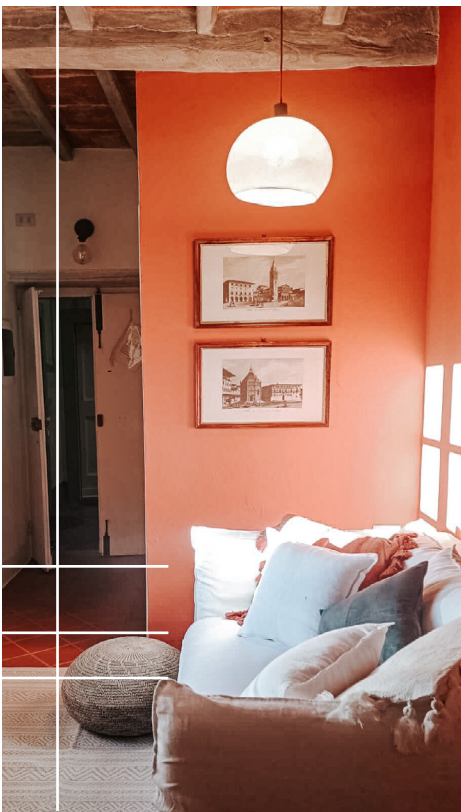

Getting to Pistoia is very simple and the airport at Florence is the closest. Return transfers from here are included in our packages so Boundless Life families can travel in comfort.

Pistoia is incredibly well connected by train which provides a wide range of options for weekend day trips and getaways.

Majestic Florence, the seaside town of Viareggio and Bologna (to name just a few) can be discovered via a direct train from Pistoia station - which is within easy reach of all our Boundless homes.

Tip: If you prefer to hire a car there are options locally for ultimate freedom to explore.

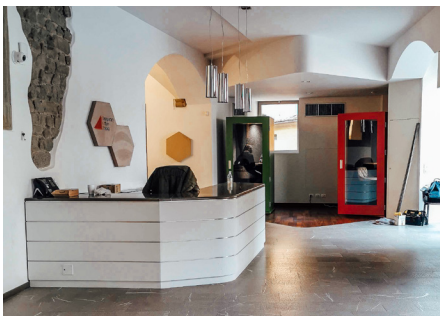

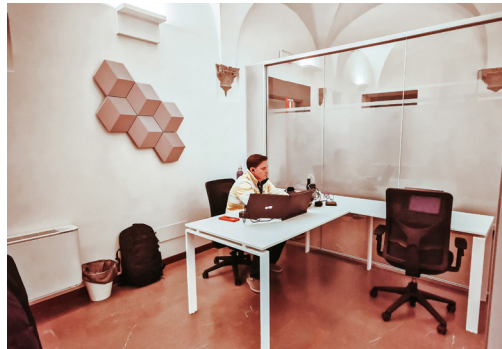

Here are some examples of the beautiful homes available in Pistoia.

The map below shows you the location of our Boundless Homes, Education Centre and coworking space. All are within a 5-10 minute scenic walk of each other.

Use [this link](#) to explore our custom map of Pistoia!

Co-Working Hub

Set in a picture perfect Tuscan square, our Hub – with its traditional features and vaulted ceilings – is the perfect spot to both collaborate and for independent focused work. Our single and double-occupancy modern meeting booths are completely soundproof and cosy.

Education Centre

With the backdrop of the Apennine Mountains – our EC truly has the wow factor. There's plenty of space indoors and neighbouring parks to explore with new and old friends alike.

Live like a local with our community programming

Our local team have carefully curated a diverse range of recurring and one-off activities, events and experiences* that leverage the unique features and seasons of Pistoia. These will allow you and your family to truly immerse yourself in the local community and culture.

Specifically for the kids, the programming also offers our ever popular Extra-Curricular Activities (ECAs). Some of these your children can enjoy across our locations (Martial Arts, Spanish, Guitar) whilst others make the most of the culture and landscape of Tuscany - including Painting and Dancing.

*Some activities/experiences are included within your package and some incur additional charges. Your local team will share the monthly programme with you with plenty of notice so that you can plan your family time.
