## ALTMAN + BARRETT

At Altman + Barrett, we understand the importance of athletics. Athletics are where students can learn about teamwork, dedication, and hardwork. Our knowledge of K-12 design does not stop at the classroom. We have designed an array of athletic facilities ranging from tennis complexes to 100-yard high school indoor practice facility.

We work diligently with coaches, faculty, and student athletes in the design process to ensure all requirements and regulations are properly met. We will work the design and construction schedule around sport seasons to allow for as little disruption to school operations as possible.

## OUR TEAM

Altman + Barrett Architects have staff that is dedicated to checking and researching various trade coordination throughout our drawings and specifications. Having, not only a qualified team, but a team with a long and successful work history ensures the quality control implementation of our designs. This eliminates costly change orders and construction cost overruns.

## THE DESIGN PROCESS

Altman + Barrett was founded on the belief that design has the power to transform lives - for our clients, our students, and our communities. By gaining a holistic view of our clients' vision, needs, and context, and adding creativity and innovation, our work addresses complex problems. Our architecture responds to the needs and aspirations of our clients and communities. We give form and meaning to rooms, buildings, landscapes and cities — always balancing internal functions with external demands of site, climate and culture. We apply this approach to all facilities we design.

COOK COUNTY HIGH ATHLETIC FACILITIES

*Over the last 13 years, we have worked on over \$150 million dollars worth of school renovations, school additions or new school construction. Several of their finished products have been recognized for construction awards state wide. Packer Park Athletic Complex has been awarded twice with the 'FIELD OF THE YEAR' from the Georgia Dugout Club for its design of the baseball field in 2012 and softball field in 2011. The tennis complex was recognized by the American Sports Builders Association as 'OUTDOOR TENNIS FACILITY OF THE YEAR' in 2010.*
