- **ChatGPT and Similar AI Technologies.** To enhance your user experience we have built connectors that leverage so-called Artificial Intelligence (AI) technologies, such as ChatGPT. To that end, like most website operators, ChatGPT.org collects non-personally-identifying information of the sort that web browsers and servers typically make available, such as the browser type, language preference, referring site, and the date and time of each visitor request. According to ChatGPT’s Privacy Policy [<https://openai.com/policies/privacy-policy>] its purpose

in collecting non-personally identifying information is to better understand how ChatGPT.org's visitors use its website. From time to time, ChatGPT.org may release non-personally-identifying information in the aggregate, e.g., by publishing a report on trends in the usage of its website. ChatGPT.org also collects potentially personally-identifying information like Internet Protocol (IP) addresses for logged in users and for users leaving comments on <https://chatgpt.org/> blog posts. ChatGPT.org only discloses logged in user and commenter IP addresses under the same circumstances that it uses and discloses personally-identifying information as described in its Privacy Policy [<https://openai.com/policies/privacy-policy>]. Please read the ChatGPT Privacy Policy [<https://openai.com/policies/privacy-policy>] if you have further questions or concerns about how your data is managed in such a platform.

- Furthermore, as with your use of any other website, refrain from entering any sensitive personal information on our website, or if directed to any third party website, that you would not like to disclose to the universe. If you click on a third party link, you will be directed to that third party's site. We strongly advise you to review the Privacy Policy and terms and conditions of every site you visit. We have no control over, and assume no responsibility for the accuracy, authenticity, content, privacy policies or practices of any third party sites, products or services, including that of ChatGPT or other AI technologies.

SECURITY OF YOUR INFORMATION

We make reasonable efforts to protect your information by using safeguards designed to improve the security of the information we maintain. Despite these efforts, you should know that we cannot guarantee the privacy or security of your information because we cannot fully eliminate the security risks associated with online transmissions.

INTERNATIONAL USERS

The Wink Applications and all of our data, including your Data, are hosted on servers in the United States. If you are using or accessing the Services from outside of the United States, your Data will be transferred to, processed and stored in the United States. As a result, United States federal and state governments, courts, or law enforcement or regulatory agencies may be able to obtain your Data through laws applicable in the United States. United States laws may not offer the same privacy protections as the law of your jurisdiction.

Personal information collected in the EU may be transferred to, and stored at, a destination outside of the EU and processed by employees operating outside of the EU who work for us, one of our business partners, or service providers. We utilize standard contract clauses (see <https://eur-lex.europa.eu/legal-content/EN/TXT/PDF/?uri=CELEX:32010D0087>), rely on the European Commission's adequacy decisions about certain countries, as applicable, and obtain your consent for these data transfers to the United States and other countries. When we transfer

personal information across country borders, we will make sure there is a transfer mechanism in place to transfer the data in a manner consistent with that described in this Privacy Policy.

For citizens of the European Union, you should know that Wink is a controller and a processor of your personal information. - **Legitimate Interests.** This means we have a legitimate interest that does not outweigh your privacy rights. When we collect and process information based on our legitimate interests, we consider how we can accomplish what we need to in a way that is the least obtrusive on your privacy. For example, it is in our interest to protect your safety and security in the app, so we collect and use information that has been flagged by users or requested by law enforcement; to make sure you are satisfied with how the Services work, troubleshoot technical problems or develop new features, we collect and use information about how you and others use the Services; and to respond to your service inquiries, we collect and use information in that request and, if relevant to the inquiry, information about how you access and use the Services.
- **Legal Obligations.** We may need to use your personal information to comply with a law enforcement preservation request, subpoena, or other legal process or to protect the rights of other users.
- **Consent.** If we have no other legal basis for collecting or using your information, we will ask you for consent for a specific purpose. If we do, you have the right to withdraw consent at any time. Withdrawing your consent will not apply to any processing conducted in reliance on lawful processing bases other than consent.

EU Users' Rights

- **Right to Object and Restrict Processing.** You have the right to object to or restrict our use of your personal information for direct marketing purposes or under certain circumstances when the legal bases for using your information is based upon our legitimate interest. If you wish to

object to our use of your information, you can send us a request to delete your account by emailing us at support@getwinkapp.com.

Upon receiving the request, we will make a reasonable effort to delete your personal information from the app and from our internal network within a reasonable period of time as long as we are not obligated to preserve your information due to things like law enforcement preservation requests, subpoenas, investigations, litigation, or otherwise meet any of our other legal obligations. We may also retain depersonalized information after deletion.
- **Data Portability.** You can exercise your right to export your personal data by emailing emailingsupport@getwinkapp.com.
- **File a complaint.** You have the right to complain to the data protection authority located in your Member State. To find contact details, click [here](#).
