

Fibre Broadband

High-capacity, low-latency fixed-line business Internet services across the UK

Lightning-fast fixed-line connectivity up to 10Gbps

Does your business demand high performance, fast speed and reliable Internet connectivity? We have you covered. Our partnership with Neos Networks delivers one of the largest fixed-line business networks in the UK.

Fixed-line Internet services from us will not only mean you'll be well connected, but that you can also rest assured your network is designed and built to the highest specification.

Fibre Broadband – What's it all about?

Our business fixed-line Internet services satisfy all customer bandwidth requirements from 10Mbps up to 10Gbps+. Whether you have a Point-to-Point or Point-to-Multipoint (E-Line) requirement, or you need any-to-any VPLS (E-LAN) connectivity, our UK-wide network has been engineered to deliver an efficient, best-in-class service.

For added peace of mind, as a Critical National Infrastructure provider, our Network Operations Centre (NOC) provides robust system monitoring and support to ensure your communications and data centre services operate at peak efficiency 24/7, 365 days a year.

NO BROADBAND? NO PROBLEM

Dedicated Internet access

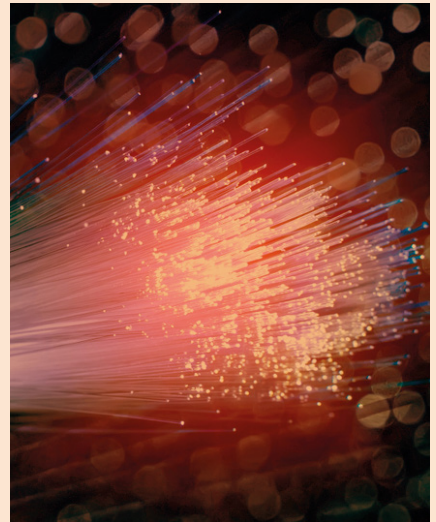

Co-location hosting services

Shadow VLANs available for additional resilience

24/7 support

Full UK coverage

Quick quotes, service guarantees & flexible contracts

Quick quotes
