Note 1 – Organization

Aristotle/Saul Global Equity Fund (the "Global Equity Fund"), Aristotle International Equity Fund (the "International Equity Fund"), Aristotle Strategic Credit Fund (the "Strategic Credit Fund"), Aristotle Value Equity Fund (the "Value Equity Fund"), Aristotle Small Cap Equity Fund (the "Small Cap Equity Fund") and Aristotle Core Equity Fund (the "Core Equity Fund") (each a "Fund" and collectively the "Funds") are organized as a diversified series of Investment Managers Series Trust, a Delaware statutory trust (the "Trust") which is registered as an open-end management investment company under the Investment Company Act of 1940, as amended (the "1940 Act").

The Global Equity Fund's primary investment objective is to maximize long-term capital appreciation and income. The Fund commenced investment operations on March 30, 2012.

The International Equity Fund's primary investment objective is to seek long-term capital appreciation. The Fund commenced investment operations on March 31, 2014.

The Strategic Credit Fund's primary investment objectives are to seek income and capital appreciation. The Fund commenced investment operations on December 31, 2014.

The Value Equity Fund's primary investment objective is to maximize long-term capital appreciation. The Fund commenced investment operations on August 31, 2016.

The Small Cap Equity Fund's primary investment objective is to seek long-term capital appreciation. The Fund commenced investment operations on October 30, 2015.

The Core Equity Fund's primary investment objective is to seek long-term growth of capital. The Fund commenced investment operations on March 31, 2017.

Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (FASB) Accounting Standard Codification Topic 946 "Financial Services—Investment Companies".

Note 2 - Accounting Policies

The following is a summary of the significant accounting policies consistently followed by the Funds in the preparation of their financial statements. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

(a) Valuation of Investments

Each Fund values equity securities at the last reported sale price on the principal exchange or in the principal over the counter ("OTC") market in which such securities are traded, as of the close of regular trading on the NYSE on the day the securities are being valued or, if the last-quoted sales price is not readily available, the securities will be valued at the last bid or the mean between the last available bid and ask price. Securities traded on the NASDAQ are valued at the NASDAQ Official Closing Price ("NOCP"). Investments in open-end investment companies are valued at the daily closing net asset value of the respective investment company. Debt securities are valued by utilizing a price supplied by independent pricing service providers. The independent pricing service providers may use various valuation methodologies including matrix pricing and other analytical pricing models as well as market transactions and dealer quotations. These models generally consider such factors as yields or prices of bonds of comparable quality, type of issue, coupon, maturity, ratings and general market conditions. If a price is not readily

available for a portfolio security, the security will be valued at fair value (the amount which the Fund might reasonably expect to receive for the security upon its current sale). The Board of Trustees has designated the Advisor as the Fund's valuation designee (the "Valuation Designee") to make all fair value determinations with respect to the Fund's portfolio investments, subject to the Board's oversight. As the Valuation Designee, the Advisor has adopted and implemented policies and procedures to be followed when the Fund must utilize fair value pricing. Prior to September 8, 2022, securities were valued at fair value as determined in good faith by the Fund's advisor, subject to review and approval by the Valuation Committee, pursuant to procedures adopted by the Board of Trustees. The actions of the Valuation Committee were subsequently reviewed by the Board at its next regularly scheduled board meeting. The Valuation Committee met as needed. The Valuation Committee was comprised of all the Trustees, but action may had been taken by any one of the Trustees.

(b) Exchange Traded Funds ("ETFs")

ETFs typically trade on securities exchanges and their shares may, at times, trade at a premium or discount to their net asset values. In addition, an ETF may not replicate exactly the performance of the benchmark index it seeks to track for a number of reasons, including transaction costs incurred by the ETF, the temporary unavailability of certain index securities in the secondary market or discrepancies between the ETF and the index with respect to the weighting of securities or the number of securities held. Investing in ETFs, which are investment companies, may involve duplication of advisory fees and certain other expenses. As a result, Fund shareholders indirectly bear their proportionate share of these acquired expenses. Therefore, the cost of investing in the Fund will be higher than the cost of investing directly in ETFs and may be higher than other mutual funds that invest directly in securities. Each ETF in which each Fund invests is subject to specific risks, depending on the nature of the ETF. Each ETF is subject to the risks associated with direct ownership of the securities comprising the index on which the ETF is based. These risks could include liquidity risk, sector risk, and risks associated with fixed-income securities.

(c) Investment Transactions, Investment Income and Expenses

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Dividend income is recorded net of applicable withholding taxes on the exdividend date and interest income is recorded on an accrual basis. Withholding taxes on foreign dividends, if applicable, are paid (a portion of which may be reclaimable) or provided for in accordance with the applicable country's tax rules and rates and are disclosed in the Statement of Operations. Withholding tax reclaims are filed in certain countries to recover a portion of the amounts previously withheld. The Funds record a reclaim receivable based on a number of factors, including a jurisdiction's legal obligation to pay reclaims as well as payment history and market convention. Discounts on debt securities are accreted or amortized to interest income over the lives of the respective securities using the effective interest method. Premiums for callable debt securities are amortized to the earliest call date, if the call price was less than the purchase price. If the call price was not at par and the security was not called, the security is amortized to the next call price and date. Expenses incurred by the Trust with respect to more than one fund are allocated in proportion to the net assets of each fund except where allocation of direct expenses to each Fund or an alternative allocation method can be more appropriately made.

(d) Foreign Currency Translation

The Funds' records are maintained in U.S. dollars. The value of securities, currencies and other assets and liabilities denominated in currencies other than U.S. dollars are translated into U.S. dollars based upon foreign exchange rates prevailing at the end of the reporting period. The currencies are translated into U.S. dollars by using the exchange rates quoted at the close of the London Stock Exchange prior to when the Funds' NAV is next determined. Purchases and sales of investment securities, income and expenses are translated on the respective dates of such transactions.

The Funds do not isolate that portion of their net realized and unrealized gains and losses on investments resulting from changes in foreign exchange rates from the impact arising from changes in market prices. Such fluctuations are included with net realized and unrealized gain or loss from investments and foreign currency.

Net realized foreign currency transaction gains and losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the differences between the amounts of dividends, interest, and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign currency translation gains and losses arise from changes in the value of assets and liabilities, other than investments in securities, resulting from changes in the exchange rates.

(e) Federal Income Taxes

The Funds intend to comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of their net investment income and any net realized gains to their shareholders. Therefore, no provision is made for federal income or excise taxes. Due to the timing of dividend distributions and the differences in accounting for income and realized gains and losses for financial statement and federal income tax purposes, the fiscal year in which amounts are distributed may differ from the year in which the income and realized gains and losses are recorded by the Funds.

Accounting for Uncertainty in Income Taxes (the "Income Tax Statement") requires an evaluation of tax positions taken (or expected to be taken) in the course of preparing a Fund's tax returns to determine whether these positions meet a "more-likely-than-not" standard that, based on the technical merits, have a more than fifty percent likelihood of being sustained by a taxing authority upon examination. A tax position that meets the "more-likely-than-not" recognition threshold is measured to determine the amount of benefit to recognize in the financial statements. The Funds recognize interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations.

The Income Tax Statement requires management of the Funds to analyze tax positions taken in the prior three open tax years, if any, and tax positions expected to be taken in the Funds' current tax year, as defined by the IRS statute of limitations for all major jurisdictions, including federal tax authorities and certain state tax authorities. As of the six months ended June 30, 2023 and during the open tax years ended December 31, 2020-2022, the Funds did not have a liability for any unrecognized tax benefits. The Funds have no examination in progress and are not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

(f) Distributions to Shareholders

The Global Equity Fund, International Equity Fund, Value Equity Fund, Small Cap Equity Fund and Core Equity Fund will make distributions of net investment income, if any, at least annually, typically in December. The Strategic Credit Fund will make distributions of net investment income monthly. Each Fund makes distributions of its net capital gains, if any, at least annually. Distributions to shareholders are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from GAAP.

The character of distributions made during the year from net investment income or net realized gains may differ from the characterization for federal income tax purposes due to differences in the recognition of income, expense and gain (loss) items for financial statement and tax purposes.

(g) Illiquid Securities

Pursuant to Rule 22e-4 under the 1940 Act, the Funds have adopted a Liquidity Risk Management Program ("LRMP") that requires, among other things, that the Funds limit their illiquid investments that are assets to no more than 15% of net assets. An illiquid investment is any security which may not reasonably be expected to be sold or disposed of in current market conditions in seven calendar days or less without the sale or disposition significantly changing the market value of the investment. If the Advisor, at any time, determines that the value of illiquid securities held by a Fund exceeds 15% of its net asset value, the Advisor will take such steps as it considers appropriate to reduce them as soon as reasonably practicable in accordance with the Funds' written LRMP.

Note 3 – Investment Advisory and Other Agreements

The Trust, on behalf of the Funds, entered into Investment Advisory Agreements (the "Agreements") with Aristotle Capital Management, LLC, Aristotle Credit Partners, LLC, Aristotle Capital Boston, LLC and Aristotle Atlantic Partners, LLC (the "Advisors"). Under the terms of the Agreement, the Funds pay a monthly investment advisory fee to the respective Advisor based on each Fund's average daily net assets. The annual rates are listed in the table below:

	Investment	Investment Advisory
	Advisors	Fees
Global Equity Fund	Aristotle Capital Management, LLC	0.70%
International Equity Fund	Aristotle Capital Management, LLC	0.70%
Strategic Credit Fund	Aristotle Credit Partners, LLC	0.47%
Value Equity Fund	Aristotle Capital Management, LLC	0.60%
Small Cap Equity Fund	Aristotle Capital Boston, LLC	0.75%
Core Equity Fund	Aristotle Atlantic Partners, LLC	0.50%

The respective Advisor for each Fund has contractually agreed to waive its fees and, if necessary, to absorb other operating expenses in order to limit total annual operating expenses (excluding taxes, leverage interest, brokerage commissions, dividend and interest expenses on short sales, acquired fund fees and expenses (as determined in accordance with Form N-1A), professional fees related to services for the collection of foreign tax reclaims pertaining to the Global Equity Fund and the International Equity Fund, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation).

The agreements are effective until the dates listed below and may be terminated before those dates only by the Trust's Board of Trustees. The table below contains the agreement expiration and expense cap by Fund:

		Total Limit on Annual
	Agreement Expires	Operating Expenses†
Global Equity Fund	April 30, 2024	0.80%
International Equity Fund	April 30, 2024	0.80%
Strategic Credit Fund	April 30, 2024	0.62%
Value Equity Fund	April 30, 2024	0.69%
Small Cap Equity Fund	April 30, 2024	0.90%
Core Equity Fund	April 30, 2024	0.65%

[†]The total limit on annual operating expenses is calculated based on each Fund's average daily net assets.

For the six months ended June 30, 2023, the respective Advisor waived its advisory fees and absorbed other expenses as follows:

	Adv	isory fees	Other	expenses	Total	
Global Equity Fund	\$	61,336	\$	- \$	61,336	
International Equity Fund		270,864		-	270,864

Small Cap Equity Fund		102,847		-	102,847	
Core Equity Fund		113,163		-	113,163	

Each Fund's advisor is permitted to seek reimbursement from the Fund, subject to certain limitations, of fees waived or payments made to the Fund for a period ending three full fiscal years after the date of the waiver or payment. This reimbursement may be requested from the Fund if the reimbursement will not cause the Fund's annual expense ratio to exceed the lesser of (a) the expense limitation amount in effect at the time such fees were waived or payments made, or (b) the expense limitation amount in effect at the time of the reimbursement. Each Advisor may recapture all or a portion of these amounts no later than December 31, of the years stated below:

UMB Fund Services, Inc. ("UMBFS") serves as the Funds' fund accountant, transfer agent and co-administrator; and Mutual Fund Administration, LLC ("MFAC") serves as the Funds' other co-administrator. UMB Bank, n.a., an affiliate of UMBFS, serves as the Funds' custodian. The Funds' allocated fees incurred for fund accounting, fund administration, transfer agency and custody services for the six months ended June 30, 2023 are reported on the Statements of Operations.

IMST Distributors, LLC, a wholly owned subsidiary of Foreside Financial Group, LLC (d/b/a ACA Group), serves as the Funds' distributor (the "Distributor"). The Distributor does not receive compensation from the Funds for its distribution services; the Advisor pays the Distributor a fee for its distribution-related services.

Certain trustees and officers of the Trust are employees of UMBFS or MFAC. The Funds do not compensate trustees and officers affiliated with the Funds' co-administrators. For the six months ended June 30, 2023, the Funds' allocated fees incurred to Trustees who are not affiliated with the Funds' co-administrators are reported on the Statements of Operations.

The Funds' Board of Trustees has adopted a Deferred Compensation Plan (the "Plan") for the Independent Trustees that enables Trustees to elect to receive payment in cash or the option to select various fund(s) in the Trust in which their deferred accounts shall be deemed to be invested. If a trustee elects to defer payment, the Plan provides for the creation of a deferred payment account. The Funds' liability for these amounts is adjusted for market value

changes in the invested fund(s) and remains a liability to the Funds until distributed in accordance with the Plan. The Trustees' Deferred compensation liability under the Plan constitutes a general unsecured obligation of each Fund and is disclosed in the Statements of Assets and Liabilities. Contributions made under the plan and the change in unrealized appreciation/depreciation and income are included in the Trustees' fees and expenses in the Statements of Operations.

Dziura Compliance Consulting, LLC provides Chief Compliance Officer ("CCO") services to the Trust. The Funds' allocated fees incurred for CCO services for the six months ended June 30, 2023, are reported on the Statements of Operations.

Note 4 - Federal Income Taxes

At June 30, 2023, the gross unrealized appreciation (depreciation) on investments owned by the Funds, based on cost for federal income tax purposes were as follows:

	Gl	obal Equity	Ir	nternational	Strategic

Any differences between cost amounts for financial statement and federal income tax purposes are due primarily to timing differences in recognizing certain gains and losses in security transactions.

As of December 31, 2022, the components of accumulated earnings (deficit) on a tax basis were as follows:

As of December 31, 2022, the Global Equity Fund had post-October capital losses of \$161,046 which are deferred until January 1, 2023 for tax purposes. Net capital losses incurred after October 31 and within the taxable year are deemed to arise on the first day of the Fund's next taxable year.

At December 31, 2022, the Funds had accumulated capital loss carryforwards as follows:

Not Subject to Expiration

		•	
Fund	Short-Term	Long-Term	Total
Global Equity Fund	\$ -	\$ -	\$ -
International Equity Fund	1,160,354	11,617,989	12,778,343

To the extent that a fund may realize future net capital gains, those gains will be offset by any of its unused capital loss carryforward. Future capital loss carryover utilization in any given year may be subject to Internal Revenue Code limitations.

Note 5 – Redemption Fee

The Funds may impose a redemption fee of 1.00% of the total redemption amount on all shares redeemed within 30 days of purchase. For the six months ended June 30, 2023 and year ended December 31, 2022, redemption fees were as follows:

	Six Mo	onths ended	Year Ended

Note 7 - Shareholder Servicing Plan

The Trust, on behalf of the International Equity Fund, the Small Cap Equity Fund and the Core Equity Fund, has adopted a Shareholder Servicing Plan to pay a fee at an annual rate of up to 0.15% of average daily net assets of shares serviced by shareholder servicing agents who provide administrative and support services to their customers.

For the six months ended June 30, 2023, the International Equity Fund, the Small Cap Equity Fund and the Core Equity Fund shareholder servicing fees incurred are disclosed on the Statements of Operations.

Note 8 - Indemnifications

In the normal course of business, the Funds enter into contracts that contain a variety of representations which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds expect the risk of loss to be remote.

Note 9 - Fair Value Measurements and Disclosure

Fair Value Measurements and Disclosures defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosure about fair value measurements. It also provides guidance on determining when there has been a significant decrease in the volume and level of activity for an asset or a liability, when a transaction is not orderly, and how that information must be incorporated into a fair value measurement.

Under Fair Value Measurements and Disclosures, various inputs are used in determining the value of the Funds' investments. These inputs are summarized into three broad Levels as described below:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the Funds have the ability to access.
- Level 2 Observable inputs other than quoted prices included in Level 1 that are observable for the asset
 or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument
 on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield
 curves, default rates and similar data.
- Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Funds' own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different Levels of the fair value hierarchy. In such cases, for disclosure purposes, the Level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest Level input that is significant to the fair value measurement in its entirety.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used, as of June 30, 2023, in valuing the Funds' assets carried at fair value:

¹All common stocks and preferred stocks held in the Fund are Level 1 securities. For a detailed break-out of common stocks by country classification and major industry classification, please refer to the Schedule of Investments.

Note 10 - Unfunded Commitments

The Strategic Credit Fund may enter into unfunded loan commitments. Unfunded loan commitments may be partially or wholly unfunded. During the contractual period, the Fund is obliged to provide funding to the borrower upon demand. Unfunded loan commitments are fair valued in accordance with the valuation policy described in Note 2(a) and unrealized appreciation or depreciation, if any, is recorded on the Statements of Assets and Liabilities.

As of June 30, 2023, the Strategic Credit Fund had no unfunded loan commitments outstanding.

²All corporate bonds held in the Fund are Level 2 securities. For a detailed break-out of corporate bonds by major industry classification, please refer to the Schedule of Investments.

^{*} The Fund did not hold any Level 2 securities at period end.

^{**} The Fund did not hold any Level 3 securities at period end.

Note 11 - Market Disruption and Geopolitical Risks

Certain local, regional or global events such as war, acts of terrorism, the spread of infectious illness or other public health issues, or other events could have a significant impact on a security or instrument. Since 2020, the novel strain of coronavirus (COVID-19) has negatively affected the worldwide economy, as well as the economies of individual countries, the financial health of individual companies and the market in general in significant and unforeseen ways. Following Russia's large-scale invasion of Ukraine, the President of the United States signed an Executive Order in February 2022 prohibiting U.S. persons from entering transactions with the Central Bank of Russia and Executive Orders in March 2022 prohibiting U.S. persons from importing oil and gas from Russia as well as other popular Russian exports, such as diamonds, seafood and vodka. There may also be restrictions on investments in Chinese companies. For example, the President of the United States of America signed an Executive Order in June 2021 affirming and expanding the U.S. policy prohibiting U.S. persons from purchasing or investing in publicly-traded securities of companies identified by the U.S. Government as "Chinese Military-Industrial Complex Companies." The list of such companies can change from time to time, and as a result of forced selling or an inability to participate in an investment the Advisor otherwise believes is attractive, the Funds may incur losses. The duration of the coronavirus outbreak and the Russian-Ukraine conflict could adversely affect the Funds' performance, the performance of the securities in which the Funds invest and may lead to losses on your investment. The ultimate impact of COVID-19 and Russia Invasion on the financial performance of the Funds' investments is not reasonably estimable at this time. Management is actively monitoring these events.

Note 12 - New Accounting Pronouncement

Effective January 24, 2023, the SEC adopted rule and form amendments to require mutual funds and ETFs to transmit concise and visually engaging streamlined annual and semiannual reports to shareholders that highlight key information deemed important for retail investors to assess and monitor their fund investments. Other information, including financial statements, will no longer appear in the funds' streamlined shareholder reports but must be available online, delivered free of charge upon request, and filed on a semiannual basis on Form N-CSR. The rule and form amendments have a compliance date of July 24, 2024. At this time, management is evaluating the impact of these rule and form amendment changes on the content of the current shareholder report and the newly created annual and semiannual streamlined shareholder reports.

In October 2020, the SEC adopted new regulations governing the use of derivatives by registered investment companies ("Rule 18f-4"). Rule 18f-4 will impose limits on the amount of derivatives a Fund can enter into, eliminate the asset segregation framework currently used by funds to comply with Section 18 of the 1940 Act, and require funds whose use of derivatives is greater than a limited specified amount to establish and maintain a comprehensive derivatives risk management program and appoint a derivatives risk manager. The Funds have adopted procedures in accordance with Rule 18f-4.

In December 2020, the SEC adopted a new rule providing a framework for fund valuation practices ("Rule 2a-5"). Rule 2a-5 establishes requirements for determining fair value in good faith for purposes of the 1940 Act. Rule 2a-5 will permit fund boards to designate certain parties to perform fair value determinations, subject to board oversight and certain other conditions. Rule 2a-5 also defines when market quotations are "readily available" for purposes of the 1940 Act and the threshold for determining whether a fund must fair value a security. In connection with Rule 2a-5, the SEC also adopted related recordkeeping requirements and is rescinding previously issued guidance, including with respect to the role of a board in determining fair value and the accounting and auditing of fund investments. The Funds have adopted procedures in accordance with Rule 2a-5.

In March 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2020-04, Reference Rate Reform (Topic 848) – Facilitation of the Effects of Reference Rate Reform on Financial Reporting. The amendments in the ASU provide optional temporary financial reporting relief from the effect of

certain types of contract modifications due to the planned discontinuation of the London Interbank Offered Rate and other interbank-offered based reference rates as of the end of 2021. The ASU is effective for certain reference rate-related contract modifications that occur during the period March 12, 2020 through December 31, 2022. In December 2022, the FASB issued ASU No. 2022-06, Reference Rate Reform (Topic 848) - Deferral of the Sunset Date of Topic 848, which extends the period through December 31, 2024. Management has reviewed the requirements and believes the adoption of these ASUs will not have a material impact on the financial statements.

Note 13 – Plan of Reorganization

At a meeting held on June 13-14, 2023, the Board of Trustees of the Trust has approved an Agreement and Plan of Reorganization for each of the Aristotle/Saul Global Equity Fund, Aristotle International Equity Fund, Aristotle Value Equity Fund, Aristotle Small Cap Equity Fund and Aristotle Core Equity Fund (each, an "Acquired Fund"), each a series of the Trust, providing for the reorganization of each Acquired Fund into a corresponding series (each, an "Acquiring Fund") of Aristotle Funds Series Trust, as noted in the table below. The reorganization of each Acquired Fund is subject to approval by shareholders. Aristotle Strategic Credit Fund will not be included in the reorganizations described above, and instead will be liquidated on or about August 31, 2023.

Acquired Fund		Acquiring Fund
Aristotle/Saul Global Equity Fund	>	Aristotle/Saul Global Equity Fund II
Aristotle International Equity Fund	>	Aristotle International Equity Fund II
Aristotle Value Equity Fund	>	Aristotle Value Equity Fund II
Aristotle Small Cap Equity Fund	>	Aristotle Small Cap Equity Fund II
Aristotle Core Equity Fund	>	Aristotle Core Equity Fund II

Note 14 - Events Subsequent to the Fiscal Period End

The Funds have adopted financial reporting rules regarding subsequent events which require an entity to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet. Management has evaluated the Funds' related events and transactions that occurred through the date of issuance of the Funds' financial statements. There were no events or transactions that occurred during this period that materially impacted the amounts or disclosures in the Funds' financial statements.

Aristotle Funds EXPENSE EXAMPLES

For the Six Months Ended June 30, 2023 (Unaudited)

Expense Examples

As a shareholder of the Funds, you incur two types of costs: (1) transaction costs, and (2) ongoing costs, including management fees and other Fund expenses. The examples below are intended to help you understand your ongoing costs (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other mutual funds.

These examples are based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from January 1, 2023 to June 30, 2023.

Actual Expenses

The information in the row titled "Actual Performance" of the table below provides actual account values and actual expenses. You may use the information in these columns, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the appropriate row under the column titled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The information in the row titled "Hypothetical (5% annual return before expenses)" of the table below provides hypothetical account values and hypothetical expenses based on the Fund's actual expense ratios and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare these 5% hypothetical examples with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transaction costs, such as sales charges (load) or contingent deferred sales charges. Therefore, the information in the row titled "Hypothetical (5% annual return before expenses)" is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Privacy Principles of the Aristotle Funds for Shareholders

The Funds are committed to maintaining the privacy of their shareholders and to safeguarding their non-public personal information. The following information is provided to help you understand what personal information the Funds collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, the Funds do not receive any non-public personal information relating to their shareholders, although certain non-public personal information of their shareholders may become available to the Funds. The Funds do not disclose any non-public personal information about their shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

This report is sent to shareholders of the Aristotle Funds for their information. It is not a Prospectus, circular or representation intended for use in the purchase or sale of shares of the Funds or of any securities mentioned in this report.

Proxy Voting Policies and Procedures

A description of the Funds' proxy voting policies and procedures related to portfolio securities are available without charge, upon request, by calling the Funds at (888) 661-6691 or on the U.S. Securities and Exchange Commission's ("SEC") website at www.sec.gov.

Proxy Voting Record

Information regarding how the Funds voted proxies for portfolio securities, if applicable, during the most recent 12-month period ended June 30, is also available, without charge and upon request by calling (888) 661-6691, or by accessing the Funds' Form N-PX on the SEC's website at www.sec.gov.

Fund Portfolio Holdings

The Funds file their complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-PORT within 60 days of the end of such fiscal quarter. Shareholders may obtain the Funds' Form N-PORT on the SEC's website at www.sec.gov.

Prior to their use of Form N-PORT, the Funds filed their complete schedule of portfolio holdings with the SEC on Form N-Q, which is available online at www.sec.gov.

Householding

The Funds will mail only one copy of shareholder documents, including prospectuses, notice of annual and semi-annual reports availability and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called "householding" and is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be householded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents to be combined with those for other members of your household, please call the Funds at (888) 661-6691.
