Western Australian Technical and
Vocational Educational Training

*A quality consortium
of Western Australian
institutions, industry
and Government.*

The West Australian Technical and Vocational Education and Training Consortium (WATVET) is a quality consortium of Western Australian Institutions, Industry and Government brought together to combine shared capabilities and expertise to deliver unique skills training programs on an international stage.

The combination of public and private institutions enables us to deliver outstanding training outcomes.

The Consortium is supported and partially funded by the Western Australian Government.

WESTERN AUSTRALIA
IT'S LIKE NO OTHER.

The Government of Western Australia is committed to building a strong and vibrant international education sector. Western Australia is one of the best study destinations in the world, with a safe and engaging lifestyle, a strong economy, and a wealth of employment opportunities. Congratulations to the WATVET Consortium for bringing together industry, universities and vocational education to provide innovative solutions to workforce challenges.

The collaboration between these sectors is fundamental to fostering a skilled and adaptable workforce who can thrive in today's rapidly evolving global landscape. The provision of State Government funding reflects our commitment to ensuring a robust education ecosystem to equip individuals with the knowledge and practical skills demanded across the globe.

WATVET's achievements contribute to the growth and competitiveness of Western Australia and I commend their Team WA approach.

Hon David Templeman MLA, Minister for Culture and the Arts;
Sport and Recreation; International Education; Heritage
