Available Item & Production Company

	5VY				
	C	OR	OL	MR	ML
Shanghai	○	○	○		

Color

Tape

DTM is OK

Element

Black only

Slider finish

EP and Platings: Available

EF, EC and C6: Not available

Quality

N-anti

Physical Strength (YFGS)

Chain Crosswise Strength	280N
Element Pull-Off Strength	22N
Element Slippage Strength	30N

- All 5VY are not available for shoes and bag applications, because the strengths of chain cross wise, the element slippage and the element pull off are lower than "Vislon standard".

- In addition, 5VYPBR cross wise strength and the slider locking are lower than 5VY because 5VYPBR is made of PBT, not POM.

- There is a possibility of damaging the paint when the zipper is operated while being pulled sideways.

Dry Cleaning OK

Laundry OK AATCC level 5 equivalent

Ironing OK Under 130 degree Celsius with a cloth. (Same as standard "VISLON")

*Industrial washing is NOT available.

Please follow above care instructions and check the quality through customer's testing procedures with actual application before bulk order.
