CUSTOM CLOSETS

Install Guide | 100% Custom wood components

TOOLS AND MATERIALS NEEDED FOR ASSEMBLY:

- Drill
- T-25 Star bit
- Wood glue
- Staples and staplegun (to attach back panel)

Directions For Assembly

1. Unbox end unit first

The unit pieces are marked - top, bottom

2. Align top grooves and biscuits. Apply glue if desired.

3. Insert biscuits into slides of marked TOP, line up sides, push and screw together.

4. Repeat with BOTTOM, make sure to keep finished sides places correctly.

5. Line up back panel carefully in order to square cabinet unit. Apply the back. We recommend using glue and a staple gun.

STEP 2

STEP 3

STEP 5

Directions For Assembly

6. Repeat steps 1-5 with each unit.

Install wall cleat if using. Place units in assigned spots, being sure to level and square units as you go.

7. When all units are properly placed, screw units together. If using a wall cleat, you will attach the wall cleat at this time.

8. Install any additional trim (such as crown mold), and finish panels. Please note that finish panels are 5/8" wider to allow for installation with existing baseboard.

9. Install self-adhesive black pads (included) on the back edge of each shelf or URR, placing them towards the outer edges. This aids with a snug fit and prevents vibration noise.

10. Insert clips flat side up for the URR's. Measure from the bottom of unit (or top of lower component). Component height plus 1/4"

STEP 7

STEP 10

Directions For Assembly

* The back of a URR inserted 'upside down' (as for a sweater pullout or FRO) must be blocked - see picture.

The blocks, screws, and additional keeper clips are included.

11. All URR's (any universal rollout receptor) must have keeper clips. A keeper clip is a standard clip inserted upside down with a clear rubber bumper pad installed on the flat side of the clip. The must be installed at the back rail of the top of the URR.

12. Install drawers, rollouts, etc, into the URR's per the layout.

*All components are fully adjustable by the homeowner with no tools required.
