02

French Embassy

This project is strategically situated within the dynamic environment of Lebanon.

03

Unifel Army

This project is strategically situated within the dynamic environment of Lebanon.

ITB Life Camp | Nigeria

01

Dalal Steel Industries is proud to be involved in a significant project consisting of the construction of three buildings using modular prefab flat pack construction. The project entails a total of 432 units, with 144 of them being apartments.

These buildings are being meticulously designed and constructed using modular prefab flat pack construction techniques, which offer numerous advantages in terms of efficiency, quality, and speed of assembly.

French Embassy | Lebanon

A photograph of a modern, dark blue modular building with a ramp and stairs, set against a background of a traditional yellow building. The building is made of dark blue metal panels and has a large window. A ramp with blue railings leads up to the building. The background shows a traditional yellow building with a balcony and a blue sky.

02

Introducing our state-of-the-art modular embassy, designed to be easily deployable and characterized by a unique aesthetic appearance. The modular embassy is a cutting-edge solution that offers the advantages of mobility, adaptability, and efficiency. It has been meticulously crafted to meet the specific requirements of an embassy, ensuring functionality, security, and diplomatic representation.

Unifel Army | Lebanon

03

We are proud to be involved in the construction of an army accommodation camp that will consist of over 10,000 units. This project is a significant endeavor that aims to provide housing and support facilities for military personnel.

The army accommodation camp is specifically designed to meet the needs of the military, ensuring comfort, functionality, and security for the personnel stationed there. The large-scale nature of the project emphasizes the commitment to providing suitable living arrangements for a substantial number of individuals.

ONE COMPANY FOR
ALL YOUR STEEL
BUILDING NEEDS.
