

# Fact sheet collection 3

<https://opensea.io/collection/nova-dox-3>

## Trading collection 3 (early bird)

This collection is a collection of 111 NFTs where funds are directly transferred to the trading pool and after KYC procedure the reward system is directly activated. We offer 4 types of NFTs with a different share in profit in the trading pool.

## Characteristics

The funds are directly deposited in the trading pool behind this collection and **the buy-back guarantee is activated**.

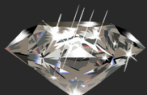

Profit is shared automatically to the wallet that owns the NFT for a **lifetime**.

Silver NFTs have a **50%** share in profit.

Gold NFTs have a **60%** share in profit.

Diamond NFTs have a **70%** share in profit.

Platinum NFTs have a **80%** share in profit.
