# STEP 2: TEAM CHALLENGE!

Show a co-worker how to say a new phrase you learned with your core word.

Use a sentence with the core word you created with a co-worker.

# AAC 101: STEP 2 TRAIN STUDENTS

1. Choose a book, video or song from the following 3 slides that is age appropriate or of interest to your student.

2. Tell the student what word you are learning today. Show (Model) them how to say the word using their form of communication.

3. Watch the video or read the book all the way through without models.

4. Watch the video or read the book again, this time showing them how to say the word “NOT” each time you see it or hear it on the video (Model). This is just a model, *don't require them to do anything except notice you!*

5. Watch the video or read the book again, continuing to model the word “NOT” for them. This time *pause after each model and WAIT*. See if the student will try it themselves. Make sure you wait long enough!

Students observe the team (adults) using the word during typical daily activities. Use our examples or think of your own!

# STEP 3: TEAM CHALLENGE!

In the next few days...

**Teamwork:** All the adults work together to model the word “NOT” 200 times in one day! How close can you get?

**Chip counters with magnet wand:** make it fun! Use chips and a magnetic wand like this one to count models of your word.

**Pick a 10-minute time slot once a day to use the words consistently with the student**

*Everything is more fun with a prize at the end! Once you hit your target each month, give yourself a treat!  
What reward do you want to work toward this month?*

# STEP 4: TRY IT!

*Encourage your student to communicate using these handy tips!*

This week we are going to use the Slow Down Speech Strategy: Slow your speech down slightly while talking and modeling the use of the AAC system to you student. This gives them time to process what you are saying and to create a response.

Try counting after you use a word and ask the student to respond. Use the word "not" in a sentence like "it's not raining" when describing the weather. Try watching the clock and speak each word as the hand ticks to each second.

# STEP 5: TALK

During the rest of the day the student is practicing using the target word to communicate in real situations.

Look at your daily schedule.

During each scheduled activity pick one time you could model and use the word "NOT."

Look for any opportunity during the day to model and expect the student to use the word "NOT."

Follow the student's lead. If the word "NOT" reflects something they are trying to say themselves, model and expect them to follow along! "I see do not want that!"
