Axis & Allied Countries

Activity 1

AYC&M Academic Series: Juanita Pritchard/DTA Schools

Activity to practice identifying allies during World War II

Print slide 4, laminate or place in a sheet protector.

Students can use this template to identify allies in a variety of ways:

- Students can place/glue the circles onto a printed template as the countries are introduced in the informational text.
- Write the names of the axis powers and allied countries
- Use the color coded circles on slide 2 to identify the axis and allied countries.
- Use the non-color coded set on slide 3 to identify the axis and allied countries
- Use the circles with only the country and flag to identify the axis and allied countries.

HINT: Hard Velcro on the back of the circles and soft Velcro on the template can be used if needed to make task more stable.
