

LET'S TALK ABOUT... **HELPERS**

- Pick a helper you are interested in from the helper board.
- Write their name in the middle of your paper.
- You can cut out a picture of them from the helper board or put a photo from a magazine, printed google image search OR a photo of someone you know in person!
- Fill the bubbles with everything you know about the helper you chose!
 - write your ideas
 - have a helper write with you
 - use a communication device or book to pick out describing words, community places, tools, and actions (look for these categories of words in your communication system!)

help
teach
write
read a book

nice
likes me
helper
kind
tall
has a dog

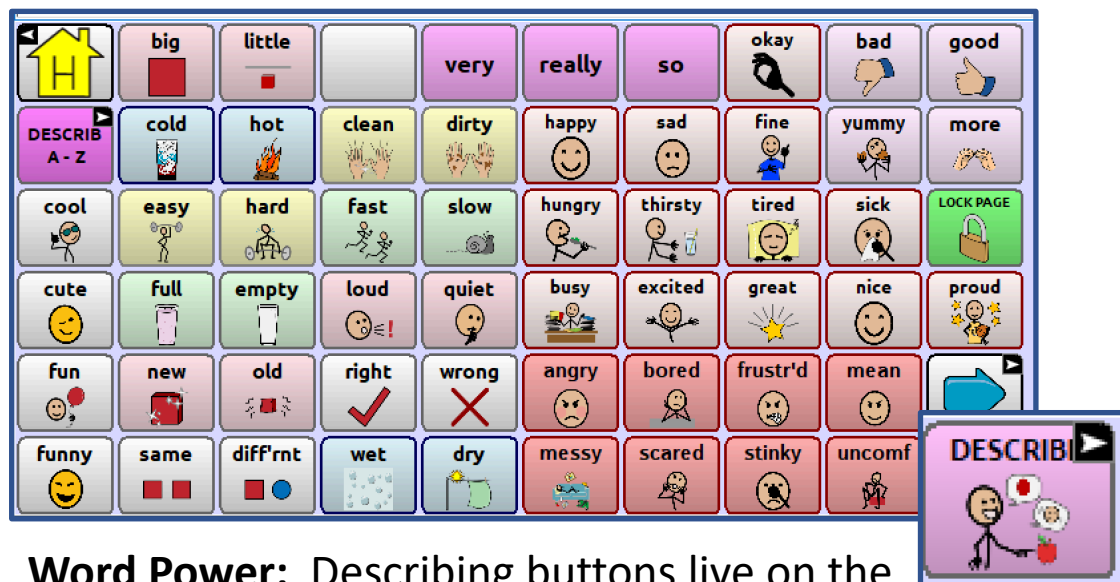

WHAT DO THEY DO?

WHAT ELSE DO YOU KNOW
ABOUT YOUR HELPER?

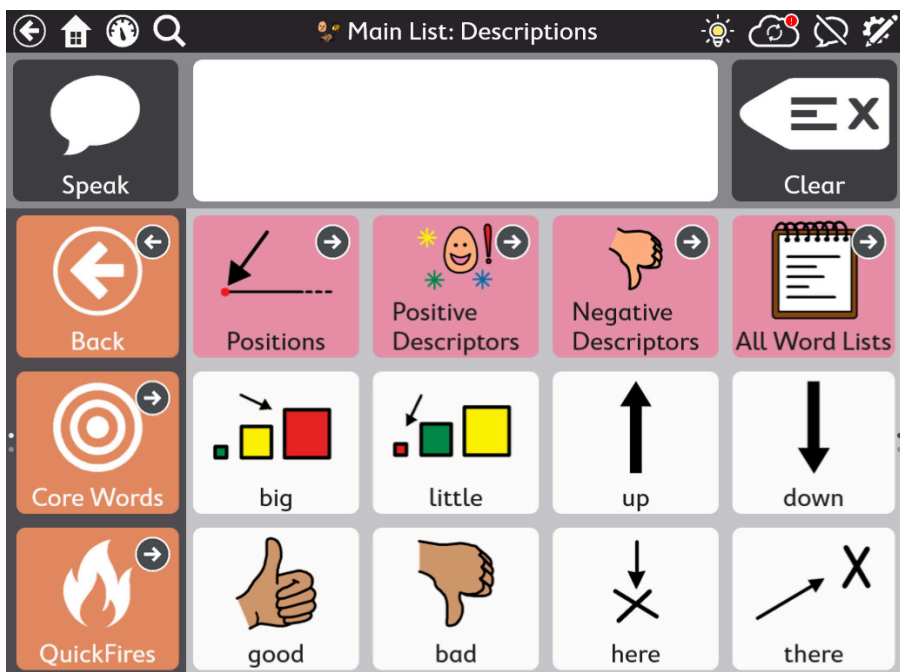

Where are the describing words??

Use these clues to find the words in your communication book or device!

On your apps and devices, you'll find most have a library of users, with different number of buttons per page. Yours may look a little different but here's the basic idea for the different programs!

Word Power: Describing buttons live on the Describe page. Look under the Describe Button on the home page and you'll find them all! Select the big blue arrow to find more OR go to the Describ A-Z button if you know the first letter of the word you are seeking!

Snap + Core First: Just like Word Power, Describing Words are found when you touch the Descriptions button on the main Core Page. If you are on a page set with less buttons, it may not be showing. No worries, go to the All Word List and Descriptions are in the alphabetically arranged categories.

Where are the action words??

Use these clues to find the words in your communication book or device!

On your apps and devices, you'll find most have a library of users, with different number of buttons per page. Yours may look a little different but here's the basic idea for the different programs!

Word Power: Actions live on the Action page! Look under the Action Button on the home page and you'll find them all! Select the big blue arrow to find more OR go to the Actions A-Z button if you know the first letter of the word you are seeking!

Snap + Core First: Just like Word Power, Actions are found when you touch the Actions button on the main Core Page. If you are on a page set with less buttons, it may not be showing. No worries, go to the All Word List and Actions are the very first category you will see!

Where are the describing words??

Use these clues to find the words in your communication book or device!

As we mentioned, **Accent devices** and **LAMP Words for Life** use a “word association” system to help you find words using the core word icons on the home “core” page. Describing words are integrated into each page under a multimeaning icon that the word could be associated with. Here’s a list of describing words to get you started!. Select the core word in white to get to a page with the describing word (always in blue).

Still a little stuck? These systems have a Word Finder tool. Look for a purple icon like this. It’s either on the main core page or on the keyboard/spelling page.

Type in the word you need and it will tell you the sequence of buttons to press to find your word!

Where are the action words??

Use these clues to find the words in your communication book or device!

work			
go			
stop			
teach			
give			
look			
help			
write			
make			
clean			

Accent devices and LAMP Words for Life use a “word association” system to help you find words using the core word icons on the home “core” page. Actions and describing words are integrated into each page under a multimeaning icon that the word could be associated with. It takes a minute, but don’t give up! Here’s a list of action words to get you started!. Select the core word in white to get to a page with the action word (always in green or gray!)
