## LIGHTHOUSE

# A LEADING LIGHT IN BLENDED WHISKY

There are over 200 lighthouses on Scotland's beautiful and wild coast. They're much-loved symbols of home, family and safety. Lighthouse seems the perfect name for our highly respected blended whisky, a natural for occasions at home and celebrations with friends anywhere.

At Brave New Spirits, we are proud of our Lighthouse blend, firmly rejecting the offer of cheaper whiskies and taking care to allow a much higher than 'basic' single malt content. The result is a great value, deliciously characterful whisky. Bottled at 40%ABV, this whisky has a fruity sweetness and an encouraging complexity. You might even pick up a little sea-spray saltiness.

Lighthouse, presented in lightly peated and unpeated versions, is perfect for those beginning their relationship with whisky. As any expert will tell you, for informal occasions a good blended whisky is in no way inferior to a single malt whisky. Lighthouse is the perfect supermarket or club blended whisky choice.

We are proud to support the Association of Lighthouse Keepers in Scotland.

## TASTING NOTES

The unpeated Lighthouse has fresh orchard fruits, creamy with cereals, vanilla and honey.

The peated Lighthouse whisky has fruity sweetness, chocolate notes and nice hints of smoke.
