

Press Release

Sale of the shares in Sensimed SA

Baar, November 26, 2019

As stated in earlier press releases and the half-year report for the business year 2019/20, Sensimed SA experienced big difficulties in realising a financing to secure the continued existence of the company. In an extraordinary General Meeting on October 29, 2019 the shareholders of Sensimed SA did not vote with the required quorum in favour of a capital increase which would have been essential for the implementation of a new financing round.

To avoid bankruptcy the board of Sensimed SA decided on a firesale of the company. Due to the lack of alternatives, the board of New Value AG decided to go along with this decision and to sell all shares in Sensimed SA.

If the conditions of the buyer can't be met and the proposed sale of the company fails, the board of Sensimed SA will file for bankruptcy.

Both scenarios will lead to the situation that the participation in Sensimed SA amounting to CHF 158'827 will have to be completely or almost completely value-adjusted.

About New Value
