

Press Release

Financial statements of New Value AG for the first six months of the financial year 2019/2020 (as per 30.09.2019)

Baar, November 15, 2019

The first half of the financial year 2019/20 was concluded with a loss of CHF 2.53 million. The major part of this loss is the consequence of adjustments in the valuation of the portfolio company Sensimed SA, as already published on July 03, 2019 and October 08, 2019.

New Value's equity value, equivalent to the Net Asset Value (NAV), amounted to CHF 1.52 million as per 30.09.2019 (CHF 4.05 million as per 31.03.2019). The NAV per share declined from CHF 1.23 at the beginning of the period to CHF 0.46.

New Value AG reports thus a total loss of CHF 2.53 million for the first six months of 2019/20, compared to a loss of CHF 1.79 million in the same period of the previous year. The loss per share amounts to CHF 0.77.

The Half Year Report of the financial year 2019/20 contains detailed information on the financial statements for the first six months and is published in German in electronic form on New Value's website. http://www.newvalue.ch/fileadmin/userupload/dokumente/New_Value_HJ2019.pdf
