made in Belgium

HENRY VAN
DE VELDE
GOLD AWARD
WINNER 2021

Your employees are gold.

They drive your business and give it a face.

That's why you want to keep them

- Happy
- Healthy
- Efficient

So get them out of traffic.

E-cycling is an ideal solution.

It is fun, healthy and avoids traffic jams. So you want to

- **Stimulate cycling**
- **Show employees you do so**
- **Keep costs and work down**

But how?

Bike leasing alone doesn't change habits.

Employees can buy bicycles, but will

- Buy road bikes
- Buy mountain bikes
- Drive cars to work

Allow change.

Who is Ellio.

- **Leuven based E-bike scale-up** founded by 2 automotive engineers (ex Toyota)
- **100% made in Belgium**
- Unique automotive technology for **safety and reliability**
- **Mobile service organisation**

We make car drivers cycle.

How we work.

1. We give an **on site demo with test rides**
2. **Employees try and love the Ellio's**
3. Your **employees buy or lease** Ellio's via the existing formula at your company
4. **We take care of all administration**
5. Your **employees contact us directly** for maintenance and support, delivered at their doorstep

Request a demo now

Changing habits can be easy.

If you let us give a demo, your employees can

- Try cycling at a fun event
- Try great bikes at no cost

And afterwards

- Ride great bikes at low cost
- Rely on expert service on site or at home
- Get a net reimbursement for cycling

Every incentive to cycle.

You are a coach and leader.

Enabling a modal shift in your company, while making employees your ambassadors.

- **Employees love the demo and you for it**
- **Healthy and efficient employees**
- **No extra work for you**

You enable the future.

Contact or visit us today.

Consider buying the bikes!

- **No HR hassle:** not part of salary package (no VAA)
- **No margin for the banks :) (<-> leasing)**
- **No cost for end of contracts (<-> leasing)**
- **100% deductible** cost
- Possibility to **brand the bikes**
- **Compatible** with bike leasing

You're in control.

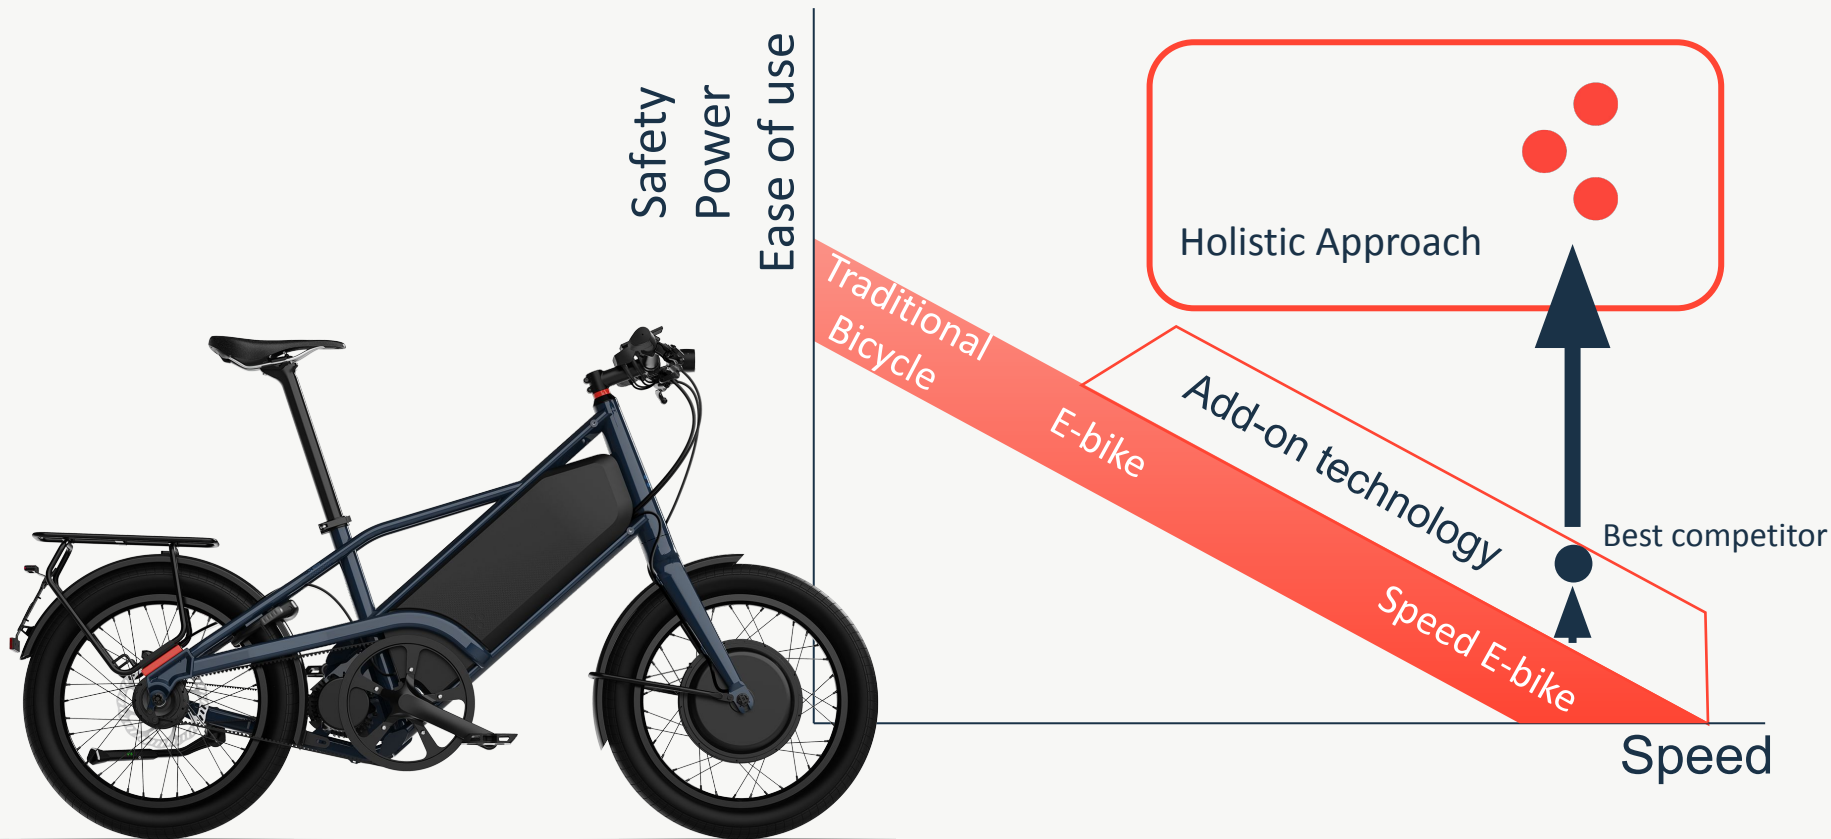

Why Ellio?

- **Reliable and safe** bikes, **top-notch** performance and **super easy** to drive
- **Flexible**: unisex, one size fits all!
- **100% made in Belgium**
- **Mobile service** at home or at work
- **Buy directly** from the manufacturer

Ellio vs other bikes.
