BENEFITS OF 1VALOUR STOXX BITCOIN SUISSE DIGITAL ASSET BLUE CHIP

1Valour ETPs are easily accessible through your broker and your bank. Gain exposure to one of the most sophisticated Digital Asset ETPs on the market.

Combining the power and expertise of STOXX and Bitcoin Suisse, blue chips are selected considering crypto-native metrics, making the selection entirely systematic compared to its competitors.

Once selected, components' weightings are based on market capitalization with capping at 30%.

1Valour ETPs are 100% physically backed and kept safe in cold storage by licensed and regulated institutional custodians.

This document contains index performance data based on backtesting, i.e. calculations of how the index might have performed prior to launch if it had existed using the same index methodology and based on historical constituents. Backtested performance information is purely hypothetical and is provided in this document solely for information purposes. Backtested performance does not represent actual performance and should not be interpreted as an indication of actual performance.
