

**15.9K Gooseneck**  
(standard spec)

# 15.9K GVW FLATBED GOOSENECK EQUIPMENT TRAILER

*GREATER PAYLOAD THAN A STEEL TRAILER*

## Lightweight single-wheel gooseneck

EBY's 15.9K Gooseneck is a lightweight design that delivers a heavy-duty payload capacity. Engineered to maximize aluminum's fuel-efficient, low-maintenance characteristics, the 15.9K Gooseneck stands head and shoulders above typical steel trailers, allowing you to haul more and save more. Complete the package with an impressive array of options—spare tire, winches, wheel and axle choices and more.

### The Benefits of Aluminum Far Outweigh Steel:

- Lower trailer weight
- Higher payload capacity
- Improved fuel economy
- Reduced maintenance costs
